Foreword

WITH the improvement of the college annual at heart, the staff of L'Agenda of 1924 has labored to produce in this volume a true reflection of "Old Bucknell". The material between the covers of this book is the result of whole hearted co-operation between all members of the staff. Should their efforts count for aught in chronicling and picturing Bucknell they will be more than repaid.

THE CLASS OF 1924

RESPECTFULLY DEDICATES L'AGENDA OF 1924
TO THE MEMORY OF TWO LOYAL SONS
OF BUCKNELL:

WILLIAM EMMET MARTIN, A.M., L.H.D.

DEAN LLEWELLYN PHILLIPS, A.M., D.D.

L'AGENDA OF 1924

William Emmet Martin, A.M., D.D.

Born May 15, 1848
Saltsburg
Penna.

Died May 20, 1922
Lewisburg
Penna.

Graduating in the class of 1871, returning the following year to become Principal of the Bucknell Academy, transferred from the Academy to the position of Librarian and Professor of Sociology in the year 1894, Professor William E. Martin spent practically his entire life in and for Bucknell University. In these positions he came into most intimate relations with the great body of Bucknell's sons and daughters, and had a personal acquaintance with them exceeded by none in the past half century.

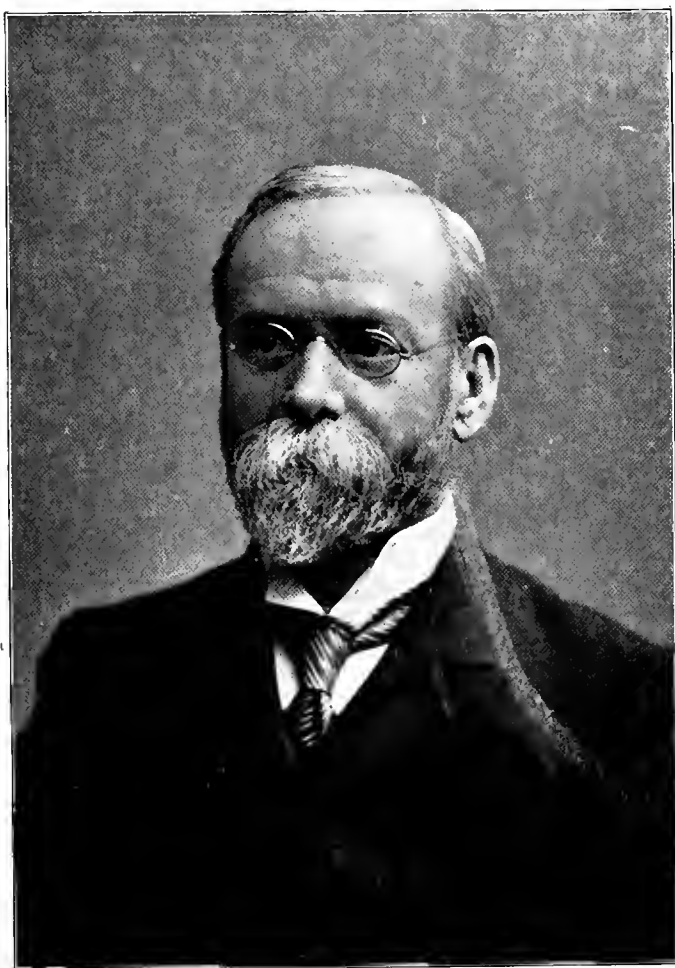

Professor Martin was a scholar from choice not for business reasons, because he was a lover of learning and culture, of art literature and music. He communed with the best minds of the ages, and had such a comprehensive view of human thought, life and institutions that he was an inspiration to the student just entering the realm of learning. And countless students of Bucknell now look back to him as their intellectual guide.

He was always kind and considerate, happy as a king when he found someone groping after truth and knowledge, for like the ancient Greeks he seemed to have made his own their marvelous motto: "We will follow the truth wherever it leads us." While intolerant of shams and false pretenses he expressed his dissent in such a kindly manner that none could take offence.

Professor Martin belonged to the old school, which most fortunately seems to be coming into "its own" once more, the school of thinkers that strive to see and know man in his many, increasing relations in life. He strove to find the causes of perplexing conditions, and to discover how discordant elements in society might be made harmonious and mutually helpful. He thought life too short and time too valuable to spend a life-time working in some narrow, contracted field, when all realms of thought and endeavor make up one body—humanity.

"The greatest study of mankind is man": Man who is worth more than clothes, houses or food. But for him it was the spiritual man—the real man, not some contriver of things for man's use and comfort.

His ideal scholar was one who knew the development of human thought and institutions, and saw them in their entirety. So, he strove to realize the relative value of "things" and of "thought", in order that the discordant elements in life and society might exist together harmoniously, and produce a balanced mankind, and a symmetrical, harmonious civilization.

DR. WILLIAM EMMETT MARTIN

LAGENDA OF 1924

Dean Llewellyn Phillips, A.M., D.D.

Born April 15, 1869
Merthyl Tydvil
Wales

Died January 9, 1923
Lewisburg
Penn.

At the age of fourteen Llewellyn Phillips, the boy, entered Bucknell Academy. In 1892 he graduated from the University in the arts course, leaving behind him an enviable record for industry, mastery and high-mindedness. For seven years after graduation he was instructor in the Academy in Greek and Elocution. After this he studied for three years at the University of Chicago receiving the degree of Doctor of Divinity. Later he did post-graduate work at Chicago, Rochester, Harvard and the University of Berlin, Germany.

In 1892 the Trustees of Bucknell made him Professor of Elocution and Rhetoric. In the same year he was married to Miss Jennie Davis, 1901, who survives him. In 1916 he was elected the John P. Crozer Professor of Education and in 1918 was appointed Dean of the University. These two positions he held at the time of his death and was serving as chairman of the Catalog committee and of the curriculum committee and was a member of the Honorary Degrees committee.

He was a man. Not in the brute sense, but in the matters of refined courage, self-mastery and the capacity to meet efficiently the vital needs of developing men.

He was a gentleman, at home where mental and spiritual forces swept base things aside. Always he felt keenly and respected fully the rights and experiences of others.

He was a scholar. In his own realm a master, he was appreciative of the activity and worth of all departments of the University, and enjoyed the task of keeping abreast of the world's advancing mastery.

He was a Christian. The consistency of his life and the genuineness of his devotion to Christ are, perhaps, the crowning glory to his memory in the minds of the student body. No one could know him and understand his teachings and entertain small thoughts of Christianity or of Christ.

He won and deserved the admiration and love of the faculty, the students and the town people. For even balance, for wide sympathy and kindly helpfulness he had no superior among us.

BUCKNELL PRIZES FOR WOMEN

Prize for highest grade in studies of four year's College Course—Eloise Ernestine Hill.

Best Essays

Senior—Marie Josephine Chambers

Sophomore—Lois Hall Hamblin

Junior—Marion Delphine Murphy

Freshman—Ellen Virginia Scott

MARGARET TUSTIN O'HARA PRIZE

Esther Marie Fleming

Senior Class History

1923

WITH a justifiable degree of pride, the class of 1923 pauses at the top of the long hill to look back over the memory-shaded vista of happy college days at old Bucknell. Our career as a class dates back to the fall of 1919, when the rumbling of the thunderous guns of war had scarcely died away on the Western Battlefront. Thousands of our American boys had just returned from "over there" and were flocking back to college halls. From the ranks of these ex-service men the class of 1923 recruited an appreciable percentage of its membership. The presence of such an element within the group considerably strengthened the class morale and imbued it with that fighting punch so characteristic of the American soldiers across the seas. And the fact that our seminary classmates were of an equally high calibre accounts for the splendid achievements of our class.

The class of 1923 first displayed its mettle by overwhelming the haughty sophomores in the annual class scrap. The loss of the football game by a narrow margin was more than offset by our decisive victory around the flagpole, on which occasion we tore the despised sophomore banner from its halyards and ripped it to shreds, defying the sophomores to effect its recapture. Another feather was added to our caps when our freshman basketball team soundly trounced the sophomore aggregation. The hard-won baseball victory in the spring capped the climax to a most successful year. During the traditional pajama parade in June we burned our "dinks" and incidentally staged a battle royal with the local fire department, who courageously attempted to interfere with our sacred druid celebration. As usual, the class of 1923 came off victorious, much to the indignation of the community in general—and the fire department in particular. So ended the freshman year, as it had begun, in a burst of fire.

In the fall of 1920 we returned to the campus we had learned to love, and started down that long, rocky sophomore road—feared by freshmen and despised by upperclassmen. Once more we won the class scrap and wrestled the football victory from the freshmen. The loss of the basketball game proved a bitter disappointment, but we came back strong in the spring and literally ran away with the baseball game. Nor must it be overlooked that the girls of 1923 established a basketball record to be proud of—our hats are off to them! Again June came and with it the end of our sophomore year—half the course was run and we eagerly pressed on to the future.

The junior year opened with the brightest of prospects for the class of 1923. Having literally passed through the fire and water of the "frosh" and "soph" years, we entered upon the threshold of upper-class dignity with a new perspective, an increased seriousness of purpose, a realization of opportunities lost and time wasted, and a determination to assume the campus leadership which the quality and calibre of our class warranted. The organization and publication of a successful L'Agenda was but one of the many evidences of the aggressive ability of the class. It was not without a feeling of keen regret that we saw our jolly Junior year come to a close and found ourselves facing the significant solemnity of the Senior year.

And now that Senior year is fast merging with the years that have gone before. But a few more months and the members of the old class of 1923 will bid farewell to the "College on the Hill", and to the campus of their Alma Mater. As a class we have done our honest best to add to the glorious prestige of old Bucknell. Into every field of campus activities—athletic, academic, and social—we have sent our representatives; and well have they acquitted themselves. Our sincere love and fondest hopes go out to old Bucknell, whose ideals we shall ever cherish and whose spirit we can never forget. May future years witness the realization of that bigger and greater Bucknell of which we all dream, and toward which the endeavors of the class of 1923 have been constantly directed!

LAGENDA OF 1924

Junior Class History 1924

BREATHING the free air of the life of upperclassmen that noble body known as the class of 1924 has this year burst from its bloom into the fruitfulness of a true class of Bucknellians. Honors from the right, from the left, and from all about have been showered upon '24 as upon no other class in the history of the university. These honors have come in the form of elections and appointments to many members of the class and have in turn reflected the glory of '24. Two of the three editorships of the Bucknellian, including the Editor-in-Chief, the editorship of the Students Handbook, better known as the "Freshman Bible", and numerous presidencies of organizations only go to show the true mettle of the "post war class" as it is often termed.

A record for victories and "scraps" lasting over the two previous years of our life as "Collegians" speaks for itself and as we think over the events that have been life itself to us as a class we are compelled to look at our mirrored reflection today as sponsors for the class of '26. In the same light as honored and honorable Juniors we strive to live up to our set standards for both our glory and that of our own Bucknell.

Past years have been filled with joys, sorrows, trials, and all the various emotions, that come only during college days and but passing thoughts of the future make us wish to live over the past and to make brighter that future. Should we faithfully sponsor the class of yearlings along the right by roads of college life and show them the full meaning of college in its complexity we shall be happy. In the words of Dr. Hunt " it is the problem of life—a problem in proportion" we find our duty; to find the right proportion. Not to find it for ourselves but to impart our knowledge to others.

We will be "others" next year as stately Seniors and then again shall we know a change as we become alumni, but the problems of life are with us in ever increasing strength and to master them and ourselves will reflect upon and rechristen our dear old '24.

LOUISE BENSHOFF
Secretary

LAGENDA OF 1924

Here's to the Name

O! Here's to the name that rings down the years,
And here's to the scenes cluster'd 'round it,
And here's to a summons for laughter and tears
Wherever old classmates have found it!
Ring out, loyal voices! Ring out, college bells!
Let tongues, lusty clappers, be sounding "Bucknells"!
Let the hillsides resound with "Bucknells"!

There's a charm in the octave of letters arrang'd
For the pulses to catch and beat strong to;
And the name, like our hearts, we would never have chang'd—
God knows 'twould be utterly wrong to!
So again, booming basses, like Muscovan bells
Down the valleys be sending your bounding "Bucknells"!
Make the valleys abound with "Bucknells"!

They sing of a warrior who fell in the fray
In the days when to love was to fight for,
And a name, dearest name, drew his last breath away,
A name he had battl'd all night for;
But to live is far better, say I,—so 'tis well
For the tenors to sing, and not die, for Bucknell,
To tune a bit high for Bucknell!

One scarcely can claim that there's nought in a name
When it comes to the hearts of the ladies,
So, where it's a question of balance of fame,
Who blames me for choosing to say "These!"
Their beauty and wit respond to the spell
That is cast by the magical word "Bucknell".
O'er the lasses of Old Bucknell.

So, here's to the name that's the same with the years,
And here's to the standards it stands for,
The hope of its prophets, the faith of its seers,
The love that we've join'd hands to hands for!
Ring out, generations! Ring out, future bells!
With an unending chorus of bold "Bucknells"!
While the heavens send o'er us "Bucknells"!

LAGENDA OF 1924

GRACE HOPE ALLARDICE

"Johnny"

Meshoppen

Meshoppen High School

A. B. Course; Glee Club (3); Class Hockey (3).

Grace has a keen sense of loyalty whether it be her Scotch ancestors or Bucknell in question. That virtue together with her good nature and generous disposition has won for her many friends. She is faithful and industrious, so much so when it comes to reference work that we claim she is majoring in Library.

FRANKLIN DAVIS ARNOLD, K Σ

"Bang"

Lewisburg

Lewisburg High School

Civil Engineering Course; American Society of Civil Engineers; Varsity Football Squad (1, 2); Varsity Track Squad (1, 2, 3); Cheer Leader (3); Class Football (1, 2); Class Track (1, 2); Freshman Hop Committee; Sophomore Cotillion Committee; Class Cheer Leader (1, 2); Assistant Business Manager L. Agenda; Junior Smoker Committee.

What's in a nickname? "Bang" is the embodiment of pep, vim and enthusiasm. His activity displays itself equally well at a dance or on a football field. His brain works so fast that at times his vocal organs have to call a halt. With the fair sex, he's versatile. Stock Question: "Who has your pin now, 'Bang'?"

EDWARD THOMAS ASHMAN, Φ Γ Δ

"Beef"

Nanticoke

Nanticoke High School

A. B. Course; Football Squad (1, 2); Class Football (1, 2); Sophomore Cotillion Committee.

This versatile and happy product of the hard coal regions has once again returned to our favored institution. Everyone is glad to see "Beef" except the mail-man, which goes to show that he is a wonderful correspondent. "Beef" is a conscientious student and a mighty congenial fellow and we hope that some day he will succeed in his desire to become a professor of mathematics.

EARLE JACOB AXE

"Hatchet"

New Cumberland

New Cumberland High School

Chemical Engineering Course; Chemical Engineering Society.

Earle is one of "Doc Brown's" "Comical Engineers". Chemistry is his forte, as numerous last year's Frosh can testify—"Unknowns" are no longer unknown when "Hatchet" gets to work on them. He is said to have used the invisible ink he invented in corresponding with his light haired "Per-ryopolis Inspiration".

LAGENDA OF 1924

MABEL ELIZABETH BAKER, ΦM
"Mab"

Vicksburg

Mifflinburg High School
Domestic Science Course.

Mabel commutes from Vicksburg every day and "that Ford of Bills" certainly makes a fine alibi for tardiness. Her quiet, refined manner and sweet smile have won for her many friends both in the "Sem" and on the "Hill". "Mab" is a real girl, full of fun, yet serious when it's time for seriousness.

GEORGE BELLAK, $\Sigma A E, \Phi \Delta \Sigma$
"Chief"

Johnstown

Johnstown High School
Indiana State Normal School
New York Military Academy
A. B. Course; Varsity Football (1, 2); Varsity Baseball (1, 2, 3); Class Basketball (1, 2); Captain Freshman Football; Class Treasurer (2); Johnstown-Bucknell Club.

This industrious individual hails from the famed town of Johnstown. To sum up his busy career at Bucknell would be almost a hopeless task. His greatest achievement, however, was his able piloting of this year's "Frosh" eleven to victory. As a twirler George is second to none at Bucknell. An able athlete, a good scholar, and loyal friend, make Bellak a real B. U. man.

LOUISE MORGAN BENSHOFF, $\Delta \Delta \Delta, C. E. A.$
"Bennie"

Johnstown

Johnstown High School
A. B. Course; Johnstown-Bucknell Club; Class Secretary (3); Girl's Class Secretary (3).

"Bennie" has bobbed hair but not the accompanying flapperisms, for she cooks and sews and plans for bungalows. Her extra duties involve secretaryships and correspondence courses at Pennsylvania. Her greatest failing, olives, and her greatest accomplishment, just being "Bennie", for "she's jollity's accomplice and mirth itself".

ELEANOR RUTH BERRY, ΦM
"Berry"

Mifflinburg

Mifflinburg High School
A. B. Course.

Eleanor comes down from Mifflinburg every day to pursue a heavy course in French and a few other minor subjects. But her presence is felt not only in the classroom. Were you ever at a fraternity dance and she wasn't there? Her popularity is beyond cavil and we are glad to claim her as a member of '24.

LAGENDA OF 1924

CHARLES FREDERICK BIRD, B K Ψ
"Charlie"

Jeannette

Jeannette High School

Biological Course; Pre-Medical Society; Treasurer Pre-Medical Society (3); Student Volunteer Association; Registrar's Office (2, 3); Bucknellian Staff (3); L'Agenda Staff Secretary; Glee Club (3); Sophomore Cotillion Committee.

When you are looking for a jolly chap who has brains, but doesn't work them overtime; who has musical talent and doesn't try to impress it upon others; who has business ability and still finds time to make irregular visits to the "Sem"; in other words, when you're looking for a good "buddy", stop at the Registrar's office and ask for "Charlie".

DOROTHY JANE BISSELL, Φ M
"Dot"

Rochester, N. Y.

Kane High School

Domestic Science Course.

She plays when it is playtime but never shirks when there is work to be done. Her classroom record shows that she is an "A" student. Moreover her sympathetic nature and gentle manner make us feel that in "Dot" we have a real friend.

GLENN RICHARD BOWER
"Dick"

Berwick

Berwick High School

Chemical Engineering Course; Chemical Engineering Society; Varsity Basketball Squad (1, 2, 3); Class Basketball (1, 2).

Basketball and pinochle occupy a lot of "Dick's" time, but not too much to keep him from pursuing a heavy course in chemistry. He often week-ends at home "down the line" so that we don't see much of him except when he is "on the go".

JOHN COOPER BIRD, A X M
"Johnnie"

Shamokin

Shamokin High School

Mechanical Engineering Course; Bucknell Band (3).

"Johnnie" is a good pal, a student, comrade and friend. He hails to us from regions where the anthracite coal is best. His humor, smile and speech make him popular with the boys. Yet in spite of all this he is a quiet, reserved sort o' chap. "Johnnie" is blessed with energy.

LEGENDA OF 1924

HENRY WILLIAM BRESSLER, JR., $\Phi \Theta \Sigma$
"Bill"

Sunbury

Sunbury High School

Civil Engineering Course; American Society of Civil Engineers; L'Agenda Staff; Junior Smoker Committee.

"Bill" is an unusual combination—an engineer with literary tastes. He is noted chiefly for his remarkable flow of "classical" language when in trouble and for his disinclination to assume any responsibility for any of the fair sex.

EDWARD BRIDGES, A X M
"Eddie"

Palmyra, N. J.

Palmyra High School

A. B. Course; Ministerial Association; Student Volunteer Association; Bucknell Band (1, 2); L'Agenda Staff.

Our little "Eddie" comes from New Jersey, a state productive of good boys, politicians and mosquitoes. Just slightly larger than the members of the winged tribe, he is small in stature but big in mind, heart and soul. When "Eddie" starts to talk, just clear the way.

FRANK HENRY BROWN, $\Phi K \Psi$
"Doc"

Brookville

Brookville High School

Electrical Engineering Course; American Society of Electrical Engineers.

A smile, a laughing word,
A careless sort of sport,
Are all combined in this one man—
So says the general report.

MILDRED ALYS BROWN
"Midge"

Meshoppen

Meshoppen High School

A. B. Course; Class Basketball (2); Class Hockey (3).

Here's a little co-ed who is always happy, generous and accommodating, so if you're looking for a "friend in need" just call upon "Midge". She likes athletics and always goes into the game with pep. The sporting page, history, and letters from State are her favorite studies.

LAGENDA OF 1924

MARY ANNA BROWNMILLER

"Brotenie"

Shoemakersville

Reading High School

A. B. Course; Mathematics Club (2, 3); Assistant Mathematics Department; Class Hockey (3).

She's little, jolly, witty, and carefree—so much so in fact that a new teacher this year mistook her for a Freshman. Nevertheless, Mary is very capable and can be quite dignified when occasion demands. And talk—she can talk at all times—what's more, she usually says something.

CHARLES KENNETH BUDD, K Δ P

"Buddie"

Budd Lake, N. J.

Netcong High School

Civil Engineering Course; Civil Engineering Society; North-Jersey Bucknell Club.

This "Budd"-ing Jerseyite begirt in knickers, whiles away the hours of the day by correspondence, rendering vocal solos, authenticating the boundaries of the university grounds and while asleep at night, amuses his roomies with outspoken love-lorn fancies. But,—the Silk City has recently offered a new episode.

JOHN DWIGHT BUTZER, A X M

"Butz"

Smethport

Smethport High School

Electrical Engineering Course; American Society of Electrical Engineers; Mathematics Club; Class Track (1).

Dwight is a worker and can always be depended upon to help work when there is anything to be accomplished. A high sense of honor and kindness are outstanding characteristics of his nature. Dwight would, without a doubt, be justified in using the famous words—VENI, VIDI, VICI—for he has measured up to them.

EARL KEAYS CARPENTER, K Φ

"Carp"

Jamestown, N. Y.

Jamestown High School

Phillips Andover Academy

Cornell University

Civil Engineering Course; Civil Engineering Society; University Glee Club (2, 3, 4); Manager, Glee Club (4); Executive Committee, Chess Club.

"Carp" arrived here in the fall of 1920. The Glee Club gained a tenor, we all gained a friend, Carp gained a wife, and since February 1922 they have gained a Junior. We are glad to have "Carp" with us in our annual even though he does graduate this year.

LAGENDA OF 1924

JENNIE ELIZABETH CLARK
"Jennie"

Mahaffey

Bradford High School

A. B. Course.

Ah! here she is, dignified and prim, that's Jennie all over. But see that smile! That says a lot. Jennie is quite a student, and prefers the English department to all others. She seems immune to the attraction of Bucknell men but we have an idea—.

MILDRED LOUISE CLAYTON
"Short"

Meshoppen

Meshoppen High School

A. B. Course; Class Hockey (3).

Witty, full of fun, and a good sport even when her propensity for playing pranks comes back in a joke on her—that's "Short".

Her interest is broad for she is majoring in history, is an ardent lover of nature, and outside of B. U. thinks the Navy is about the best ever.

MARY MILDRED CLOWER, II B Φ
"Mid"

West Chester

West Chester High School

A. B. Course.

"Mid's" good looks, pleasing personality, and general ability, in every line from horseback riding to painting, make her well fitted to take her place anywhere in society, and, if need be, to even enter the ranks of such an exclusive and conservative class as the English nobility.

KENNETH LORNE COBER, B K Ψ
"Ken"

Williamsport

Williamsport High School

A. B. Course; Debating Squad (3); Ministerial Ass'n; Lycoming County-Bucknell Club, Treas. (2, 3); Glee Club (1, 3); Sophomore Oratorical Contest; Class Vice-Pres. (3); Bucknellian Staff (3); L'Agenda Staff.

After roaming about the world, and Ohio, "Ken" came to Bucknell with the best of intentions. He still has them, and with his ideals, will some day realize them. He is a student of no mean ability, and when he applies himself to any work, it goes. However, we must mention one fault,—his interest in "the girl".

LAGENDA OF 1924

MERLE GREENE COLVIN, A X M

"Merle"

Clifford

Carbondale High School

Biological Course; Pre-Medical Society; Student Volunteer Association, President (3); Bucknell Band (1, 2, 3); Chess Club (2, 3); Instructor in Scientific French.

Quiet and unassuming, Merle is just what you would naturally expect him to be—interested in all things, especially in the beauties of nature. As for optimism—well, Merle is "the last word". He is a diligent student and always manages to have a good time wherever he goes.

ADOLPHO CONCHA-GOUBERT

"Count"

Bogota, Columbia, S. A.

Instituto San Luis and Liceo Mercantil
Carson Long Institute

Electrical Engineering Course; American Society of Electrical Engineers; Class Track (2); Chess Club (2, 3); President (3).

"Count" has the reputation of being the best chess player in college. He is a quiet and persevering fellow. He came a long way to secure his education and has been making good. "Count" expects to return after finishing here and take up engineering work in Columbia.

DANIEL ALLEN COPENHAVER, A X A

"Copey"

Hershey

Hershey High School

Chemical Engineering Course; Chemical Engineering Society; Class Baseball (2); Chess Club.

Here is our Candy Kid from Hershey. We do not mean Candy Kid as it sounds, for Copey is a real man and an excellent student. He can be found any afternoon at his favorite haunt—the Chemical Laboratory. "Copey" has a host of friends and they aren't all males.

ANNA MARY COYNE, Φ M

"Ann"

Philadelphia

Frankford High School

A. B. Course; Mathematics Club; Lyceum Club; Frill and Frozen; Class Numerals (2).

"Still waters run deep." But don't you care, "Ann", those who have really good qualities do not have to talk about them in order that others may know. A regular all-around college girl, full of wit and fun and withal a sincere friend. This is our "Ann".

LEGENDA OF 1924

MALCOLM PAUL CRANDELL
"Mac"

Towanda

Towanda High School

Electrical Engineering Course; American Institute of Electrical Engineers.

"Mac's" earnest sincerity has won and kept him many friends at B. U. Even "Simp" admits that our "Mac" is a student. Poetry is his failing—either Perusing or Producing it. The originals *used* to travel to New York state in pink envelopes; *now* they travel to the "Sem".

CHARLES TICE CROSIER
"C. T."

Salem, N. J.

Salem High School

Electrical Engineering Course; American Society of Electrical Engineers.

Salem sent us a fine product in the person of "C. T." He is a quiet and reserved fellow and is respected by his classmates. His selected field of engineering will give him a place to work out his ideas. In regard to the ladies—well, we can't tell what his intentions are.

ROSE OLIVE CURTIS
"Rosalie"

Waymart

Forest City High School

A. B. Course; Freshman Declamation Contest; Sophomore Oratorical Contest.

Here's a girl who has proved that patience and perseverance spell success. No task is ever too great for her to attempt and her motto seems to be: "What's worth doing is worth doing well". Among other assets we find a generous nature and a willingness to help others.

CHARLES FREDERICK DANDOIS, A X A
"Danny"

Jersey Shore

Bellefonte Academy

Chemical Engineering Course; Chemical Engineering Society; Chemical Laboratory Assistant (3).

"Danny" is one of our busiest men. When he is not over his books he is busy at some other work. His motto seems to be "The more you do the more time you have to do more". We do not know whether he would rather work in the Chemical Laboratory or on the "Wilted Rose" for his time seems about equally divided.

LEGENDA OF 1924

FLORENCE TURNER DARE, H B Φ
"Flo"

Bridgeton, N. J.

Hopewell Township High School
Home Economics Course; Girls' Glee Club (3); Treasurer Girls' Class (1); Y. W. C. A. Conference Committee (3); Class Hockey Captain (3); Class Numerals (2).

"Flo" is the original gloom chaser—the personification of irrepressible youth and good spirits. But she can be sympathetic as well as frolicsome, and serious as well as exuberant. Her devotion to her friends, her fun-loving disposition, and her genial personality make "Flo" one of the most popular girls on the campus.

ETHEL MURIEL DAVIS
"Ethel"

West Chester

West Chester High School
West Chester State Normal School
A. B. Course; Class Numerals

Although Ethel came to us late she has not failed to find a place among us and to endear herself to those who are fortunate enough to call themselves her friends. We have found her unselfishly loyal to her friends and steadfastly true to any task which she undertakes.

CECIL PRESTON DAWSON, Φ Γ Δ
"Pep"

Watsonstown

Watsonstown High School
A. B. Course; Freshman Hop Committee; Sophomore Cattle Committee; Assistant Business Manager L. Agenda.

"Pep" rides the trolley to Lewisburg daily and should be an authority on local transportation. He knows each individual L. M. & W. car by sound and can tell the number of flat wheels on each. "Pep" is one of that rare type called "pluggers". He plods along his quiet way and, although he is no speed king, he always gets what he goes after. He is a good student and an active Bucknellian.

ELLIS ROY DEFIBAUGH, Φ Γ Δ
"Piggy"

Wilkinsburg

Wilkinsburg High School
University of Pittsburgh
*A. B. Course; Class Basketball (1); Class Baseball (1)
A. E. F.*

We don't know how "Piggy" received his name, but it is rumored that while still in High School he won the ice-cream eating championship of Wilkinsburg. He is also a musician of note (?). If you don't believe this, ask him to sing "The Crazy Blues". Overlooking these faults, however, "Piggy" is a true friend and a steady, reliable worker.

LEGENDA OF 1924

HILDA BERNITICE DEWITT
"Hilda"

Sunbury

Sunbury High School

A. B. Course.

As a Freshman Hilda led the strenuous life of a commuter. Then finding the atmosphere of the college town more conducive to concentrated study than that of the noisy city, she and Iva decided to board in town. Hilda is small but she is not afraid of big difficult problems, especially in math.

IVA IRENE DeWITT
"Iva"

Sunbury

Sunbury High School

A. B. Course.

Iva is a Bucknellian by tradition as well as by persuasion for her father is a Bucknell man.

Ever since Freshman year when Iva drew a "straight A" she has kept up her reputation as a scholar and is now "knocking the spots out of Biology" in which she is majoring.

CHARLES WEISER DINGER, A X A
"Chick"

Reynoldsville

Reynoldsville High School

A. B. Course; Assistant in Basketball (3); Chairman Junior Smoker Committee.

Reynoldsville gave Bucknell a true son when she sent "Chick" into our midst. His primary object in coming to Bucknell was to gain knowledge, but he has gone further than that which can be seen by the number of friends he has and by the number of telephone calls he receives from 180.

CHESTER ARTHUR DRENNING, Φ Γ Δ
"Chess"

Wrightsville

Wrightsville High School

Chemical Engineering Course; Chemical Engineering Society.

The subject of this photograph has the distinction of coming from the regions of "ice famines". Reluctantly he left his fair ones—especially the one that writes so many letters—and came up to Bucknell. He is of the quiet, earnest type, is fond of telling jokes that need dissection, and is a man well liked by all the boys—and the girls.

LAGENDA OF 1924

EARL SYLVESTER DUNLAP, $\Phi \Theta \Sigma$

"Dunnie"

Montoursville

Montoursville High School

Chemical Engineering Course; Chemical Engineering Society; Bucknellian Staff (2, 3); Lycoming County Club.

"Dunnie's" most salient characteristic is his faculty (?) for getting the most work done with a minimum of effort. It is possible that he doesn't recognize this power of his, so we take this opportunity to mention it to him, and to the world at large. Darn few are so gifted!

HELEN KATHRYN DUNSMORE, $K \Delta$

"Dunny"

Philipsburg

Philipsburg High School

A. B. Course.

Helen has finally decided to live at the "Sem" this year. She is one of our fresh air lassies at Brady who comes out smiling when the mercury falls way down. Her characteristic giggle and art of blushing when she deems it necessary will live with us forever.

ALEXANDER WILLIS EDGAR, $\Phi \Gamma \Delta$

"Bill"

Wilkinsburg

Wilkinsburg High School

Kiskiminetas Preparatory School

A. B. Course; "B" Club; Varsity Football (2, 3).

After cruising around W. & J. and Pitt, this athlete and student anchored his bulk at Bucknell in order to enlarge his cargo of knowledge. His bill of lading did not merely include book-learning; but also the art of driving a Dodge coupe and a course in Highway Engineering between Lewisburg and Milton.

MARY LILLIAN EDMUNDS, $\Pi \beta \Phi$, $C. E. A.$

"Lill"

Crafton

Crafton High School

A. B. Course; Sophomore Class Secretary

"Lill" entered as a music student but soon turned to the broader possibilities of the A. B. Course. She has proved herself unusually capable in her studies as well as in many other lines. In her early Freshman days Lill met "the nicest man in school" and has been an ardent Phi Gamm rooter ever since.

LEGENDA OF 1924

MARY EMILY EISENMENGER

"Icie"

Williamsport

Williamsport High School

A. B. Course; Lycoming County-Bucknell Club; Class Numerals.

Midnight fudge parties and feeds "a la Japanese"—s-s-sh! Now and then, a hike here and there, week-ends at home, frantic attempts to absorb the law book wholesale, these are a few of Mary's specialties. As a companion—thoughtful, dependable, generous, and sincere—Mary is a real pal.

FRANK FREMONT ELLIOTT, K A P

"Hank"

Parkers Landing

Parkers Landing High School

Emlenton High School

Mechanical Engineering Course; American Society of Mechanical Engineers; Mathematics Club; Assistant Mechanical Drawing (2, 3).

How is it done? This genial unassuming assistant has time and patience to answer the "S. O. S." of Dr. Bartol's proteges, secure "A's" in Math; finds time to delve into the traditions of Spain as revealed in Spanish 4, and then for diversion from consuming the midnight kilowatts, wander down * * * * Whoa!

CARL AUGUST ERICKSON

"Lief"

Great Neck, L. I., N. Y.

Great Neck High School

Saratoga High School

Civil Engineering Course; American Society of Civil Engineers; Junior Smoker Committee.

"Lief" hails from Great Neck, but that doesn't mean that he wears a size 18 collar. He achieved fame on his first hazing party, but his cheery friendliness and congenial disposition have won him many friends. "Lief" is quite a mathematician and one of our leading "Un-civil" Engineers.

MILDRED LOUISE EVANS

"Mid"

Wilkes-Barre

Parsons High School

Wilkes-Barre High School

A. B. Course.

"Mid" quiet? No, indeed! Not when you really know her. One would hardly expect a demure little lass to practice the art of vamping among the faculty. But that's what she did. She has never neglected her studies, however, especially Math her Sophomore year. And fun, there's lots of it in "Mid".

LEGENDA OF 1924

MARGARET ELLEN EVERITT, Δ Δ Δ

"Peggy"

Allenwood

Allenwood High School
Milton High School

A. B. Course; Assistant in Public Speaking (3).

"Peggy" is so very quiet and bashful, we can't imagine her striking "the flagstaff deep Sir Knight", but she does. "Still waters run deep", you know and we'll wager that all the youthful farmers about Allenwood as well as Lewisburg visitors are steady callers at the Everitt farm. Don't you love her smile?

HELEN EVELYN FAIRFAX

"Helen"

Williamsport

Williamsport High School

A. B. Course.

A friendly girl, a jolly companion, an excellent student, a commuter who is always on time—that's Helen. She carried off second honors in her class in high school and is keeping up her good record here at B. U. She is preparing to do Y. W. C. A. work in the south.

JAMES MICHAEL LEON FALLON, Φ K

"Irish"

Danville

Danville High School
Allegheny Prep
Carnegie Tech

Electrical Engineering Course; American Institute of Electrical Engineers; A. E. F.

"Irish" joined the ranks of '24 in his Junior year when Carnegie Tech lost a fighting Irishman. Fellow-Danvillians say that if it were not for a certain Danville resident whom "Jimmy" says is "just right" he would save considerable on tires and gas and thus be able to buy the ring sooner.

GEORGE AUSTIN FISHEL

"Fish"

Pittsburgh

Westinghouse High School
University of Pittsburgh

Mechanical Engineering Course; Glee Club (3).

"Fish" entered Bucknell after two years work at Pitt. Their loss was our gain, for he is making good under Burpee. That isn't all, either, as "Fish" didn't take long to make the Glee Club and a host of friends besides. We understand, too, that his friends aren't all students.

LAGENDA OF 1924

HELEN GERTRUDE FISHER, M Φ E

"Dutch"

Lewisburg

Lewisburg High School
Bucknell School of Music 1919

A. B. Course; Glee Club (2).

Helen is an all 'round student. Although she graduated from the School of Music while in High School, the "Hill" still offered other courses which attracted her. She registered as an A. B. and later enrolled in a course in human nature with lab periods as dances at the Kappa Delta Rho house.

RALPH RHINESMITH FLEMING, K A P

"Gob"

Patterson, N. J.

Paterson High School

Electrical Engineering Course; American Institute of Electrical Engineers.

After chasing the inhabitants of the sea depths for Uncle Sam during the World War, this epigramatic Scottish blonde and successor to Steinmetz decided to spend a four year visit with us to complete his theories on "juice". Fiddling and facetiousness are the sailor's favorite pastimes.

CHARLES RAYMOND FREEBLE, Δ Σ

"Benny"

Latrobe

Latrobe High School

Mechanical Engineering Society; American Society of Mechanical Engineers; Varsity Football (1, 2); Class Vice-President (2).

"Benny" started his collegiate career at Bucknell—well, some time ago. He returned this year to continue his course and automatically acquired the distinction of being one of our "Benedicts". Aside from acting in an advisory capacity to Professor Burpee, "Benny" has nothing to do except study and avoid "family jars".

LAROSE HYACINTH GEMMILL, Φ M

"Gemmill"

Windsor

Red Lion High School

Domestic Science Course; Frill and Frozen.

Rose's chief interest in life is "Jonesie" but since we all know "Jonesie" we can't blame her for that. Coupled with a keen sense of humor Rose possesses a sweet disposition and a vivacious manner which instantly claim for her a host of friends.

LAGENDA OF 1924

GENEVA BEATRICE GERLACH, Φ M

"Gene"

Hazelton

Hazelton High School

A. B. Course; Frill and Frozen.

"Gene" thinks she would like law for a profession and if you have ever heard her defend her point you would say that she has chosen wisely. Her lively wit, pleasing personality, and ease and grace of manner command the admiration of all with whom she comes in contact.—And she hates cats.

HENRY ANSON GLOVER, JR.

"Hank"

Nichols, N. Y.

Nichols High School

Syracuse University

A. B. Course; Bucknell Band (3).

After going to Syracuse University for two years, "Hank" decided he wanted to come to Bucknell. Although he has been with us but a short time, we feel that he is one of us. He is pursuing the A. B. Course with the intention of some day entering upon a business career.

OLGA AMALIE GOERDEL

"Olga"

Mifflinburg

Mifflinburg High School

A. B. Course.

Olga journeys from the town of "chicken and waffles" to little old B. U. which explains her fondness for writing extra two hundred and fifty word themes for "Prexy". She is a good student—Spanish her specialty. Quiet but good-natured, serious, especially before exams, yet full of fun—that's Olga.

MILDRED OLIVE GOOD, Δ Δ Δ

"Millie"

Johnstown

Johnstown High School

Irving College

A. B. Course; Johnstown-Bucknell Club; Glee Club.

Another Johnstown girl? Yes, class of '20's fairest. A most demure lass given to hushing and quiet ways. "Oft in the Stilly Night" we hear her Uke accompanying the strains of "O Jersey Shore, My Jersey Shore!" and Neat! If there is such a thing as a tailor-made lady she's it.

LAGENDA OF 1924

ROBERT RUSSELL GRAY, $\Phi K \Psi$
"Prex"

Bradenville

Latrobe High School

A. B. Course; Class Football (2); Vice President, Freshman Class (1); Freshman Hop Committee; Sophomore Cotillion Committee; Junior Smoker Committee.

Grades to "Prex" mean travels and not marks. He is popular and retiring (but always to bed). He is an honored "Sem" guest, because he is so seldom seen there.

MIRIAM HERR HALDEMAN, $\Lambda X \Omega$
"Mim"

Malvern

West Chester High School

A. B. Course; Mathematics Club (1); Girls' Glee Club (3); Class Basketball (1).

If you want a friend who's tried and true,
If you want a girl who's all true blue,
If you want a worker when there's work to do,
If you want a jolly sport to chum with you,
If you want an all 'round college girl too,
That's Miriam.

WALTER JAMES HALL, $\Delta \Sigma$
"Buster"

Shamokin

Shamokin High School

Chemical Engineering Course; Chemical Engineering Society; Varsity Football (1, 2, 3); Varsity Basketball (2); Class Football (1); Class Basketball (1, 2); Junior Smoker Committee.

"Buster", with his 190 pounds of halfback ability, his shy little, minister's-son smile, cellar digging propensities, insatiable appetite for pie, ice-cream, et cetera ad infinitum, is a true product of that desolate village down along the P. & R. tracks. We ask you, what more need be said?

LOIS HALL HAMBLIN, $\Delta \Delta \Delta$
"Louise"

Lewisburg

Lewisburg High School

A. B. Course; Freshman Declamation Contest; Sophomore Oratorical Contest; Sophomore Essay Prize.

Webster couldn't have had a better command of the English language than Lois. A most versatile speaker and what with declaiming and writing essays and composing poetry, she is blessed with an unusual intellect. She's the natural growth from a decidedly intellectual family tree. There's a question in our minds, however, about this romantic poetry writing!

ALGENDA OF 1924

THOMAS MICHAEL HAMMOND, Σ X, Θ Δ T
"Peck's"

Reynoldsville

Reynoldsville High School

A. B. Course; Assistant Manager Basketball (3).

"Tom" hails from the soft coal regions and welcomes the clean fresh air of our Buffalo Valley. He is a quiet retiring chap, (mostly retiring). Sleep is his favorite course, having made a straight "A" in it during his three years in college.

LEVI FRANCIS HARTMAN, Δ Σ
"Hick"

Williamsport

Williamsport High School

Electrical Engineering Course; American Society of Electrical Engineers; Bucknell-Lycoming County Club; First Assistant Football Manager (3); Freshman Hop Committee; Class Cheerleader (1); Chairman, Sophomore Cotillion Committee; Class Treasurer (3); Junior Prom Committee.

Investigate any crowd on the campus and you'll find "Hick" in the middle playing "cowboy". He spent his Sophomore year staging the Cotillion and vainly trying to keep intact the door panels of his East College room. As for the nice things we could say—well, he wears a 7 $\frac{1}{2}$ hat now.

ROBERT CHRISTIAN HEIM, Φ Γ Δ
"Bob"

Lewisburg

Lewisburg High School

A. B. Course; Football Manager-Elect 1923.

This good-looking individual with the cold, hard expression of suppressed ferocity is one of the modest and sedate members of our noble class. If there is a busier man in Lewisburg, he has yet to be found. A student of the first order, he never tires in the pursuit of A's. "Bob" does not confine his genius to pasturing in books. He is a good fellow and a true friend.

ROBERT FRANK HEISER, Σ A E
"Bob"

Mahanoy City

Mahanoy Township High School
 Mahanoy City High School

A. B. Course; Chairman Freshman Hop Committee

This distinguished Junior is a fellow whom everybody likes; a sort of harmless, unobtrusive and seclusive lad. Like the elder Heiser, "Bob" is a great lover of the big out-doors, a real sportsman and an expert marksman.

LAGENDA OF 1924

IDA ROBERTA HELLER, Δ Δ Δ

"Skinny"

Williamsport

Williamsport High School

A. B. Course; Lycoming County Club; Athletic Association Treasurer (2); Y. W. C. A. Board (2); Chairman Conference Committee Y. W. C. A. (3); Eaglesmere Delegate (2); Class Poetess (1); Junior Hockey Team.

"Skinney's" a sure cure for the blues! "Prexy's" vibrations originated in her laughter. Can't you imagine her being ring leader at a Y. W. convention? And she's the best kind of a friend and so democratic. Money nor family nor fraternity connections matter nought to Ida, it's "personality plus".

FLOYD GROVE HEMPT, Φ K Ψ

"Hemmie"

New Cumberland

New Cumberland High School

Electrical Engineering Course; 1st Assistant Manager Track (3); Class Track (1); Class Baseball (2).

"Hammer" loves engineering, fudge and week-end "dames". Although quiet at times, he usually gets what he goes after, which is mostly a rest.

HERBERT WILLIAM HENNING, Φ K Ψ

"Hub"

Dunkirk, N. Y.

Dunkirk High School

Chemical Engineering Course; Chemical Engineering Society; Varsity Football (3); "B" Club; Class Football (1); Class Baseball (1); Class Basketball (1); Sophomore Cotillion Committee.

Student and athlete—a rare combination! He is young and experienced, but he is never impressed by a girl. There must be someone in Dunkirk.

ETHEL MARY HENRY

"Ethel"

Lewisburg

Oscola Mills High School

Central State Normal School

State College Summer School

A. B. Course; Mathematics Club.

Ethel seems to believe that "a little knowledge is a dangerous thing" for she is an earnest student. In her quest for knowledge she has sojourned in various halls of learning to drink from the Purling spring. Recently she obtained advanced standing so she will bid us goodbye this year.

LAGENDA OF 1924

ANNA STEWART HEYNSHAM, Δ Δ Δ, C. E. A.

"Annie"

Norristown

Norristown High School

A. B. Course; Glee Club (1, 2, 3); Y. W. C. A. Cabinet (2); Vice-President Y. W. C. A. (3); Frill and Frozen; Student Government Convention (3); College Girls' Reception Committee (1); Junior Hockey Team; Treasurer Junior Girls' Class.

Thy name is industry! Thou art the soul of dependability and act when others think! Attending Conventions, collecting dues, coaching plays, hockey, vocalizing, and writing letters leaves few spare moments. "Annie" belongs to the Lawson advocates, the anti-flappers, and is a past master at the gentle art of sewing.

EARL WILSON HILL

"Hill"

Lewisburg

Turbotville High School

A. B. Course

This tall, lanky boy started out as an engineer, but later cast his lot with the A. B's. "Hill" is known to most of us as a student, for he always knows his books. It is rumored that he is somewhat of a politician. He also enjoys telling *Bucknellian* jokes to "Prexy".

STEPHEN ANDREW HODOBA

"Divil"

Mount Carmel

Mount Carmel High School

Electrical Engineering Course; American Society of Electrical Engineers; Class Football (1, 2).

"Divil" came to us from that portion of Pennsylvania known as Mount Carmel. He has shown on various occasions that he knows how to handle the gloves and, like most of our "coal region boys" is an athlete and a student in a "real man" combination.

JAMES JONES HOLSING, Σ A E

"Jim"

Canonsburg

Canonsburg High School

Electrical Engineering Course; Electrical Engineering Society; Class Football (2).

Canonsburg will always be remembered as the home of Holsings. "Jimmy" came with "intentions" of taking up the ministry but for some mysterious reason his noble purpose changed under the influence of "Dusty's" controller. Jim's strong points are basketball, football and the fair sex. His genial fellowship has brought him many friends.

LAGENDA OF 1924

HENRY WALTER HOLTER, $\Sigma A E$

"Tow"

Howard

Howard High School
Central State Normal School

A. B. Course; U. S. Army; L'Agenda Staff.

"Tow" is second of Holter fame to migrate to old B. U. Like his brother, "Tow" is on the inside of college administrative circles, assisting in the Alumni Office. This quiet and self-possessed young man has proven to be a very satisfactory student, a man of rare ability along executive lines, and a man to whom all can go for sound counsel and advice.

ELLIOTT STEPHENS HOPLER, $K \Delta P$

"Hop"

Bartley, N. J.

Roxbury High School
Dover High School

Electrical Engineering Course; American Institute of Electrical Engineers; Assistant Baseball Manager (3); Bucknellian Staff (3); Mathematics Club; Junior Prom Committee; President North-Jersey Bucknell Club; L'Agenda Staff.

With a smile, this sedate young prince from the State of the rising sun, radiates good feeling and dispels gloom wherever he goes. He is our Beau Brummell, a confirmed fusser and an inveterate correspondent. Yes, and an engineer—but even engineers have accidents on Jersey roads.

THOMAS IGNATIUS HORAN, $K \Sigma, \Theta \Delta T$

"Bog"

Locust Gap

Alout Carmel High School

Electrical Engineering Course; Electrical Engineering Society; Varsity Football Squad (1, 2); Varsity Basketball (2); Class Football (1, 2); Class Basketball (1, 2); Captain (1); Vice-President Class (2); Junior Prom Committee.

Seldom do we find a student, an athlete, a "good fellow", an Irishman, and an optimist all combined in one but "heres to Bog" for without one of these qualities he wouldn't be the "Tommy" Horan everyone knows. Actions speak louder than words and "Tommie" sure can make a racket.

MILDRED ELIZABETH HOUSEMAN, $A X \Omega$

"Mid"

Altoona

Altoona High School

A. B. Course; Blair County-Bucknell Club; Class Hackey (3).

A thorough believer in the "carpe diem" idea is "Mid". As a dancer she cannot be beat and as a friend she is quite as fine. She likes girls, men, Watsontown, feeds, dances, automobiles, and work occasionally. An all around good sport!

LAGENDA OF 1924

ROLAND OGILVIE HUDSON, A X M

"Hud"

Lansdale

Lansdale High School

*A. B. Course; Ministerial Association; Class Track (1);
Class Football (2); Junior Smoker Committee.*

No one ever heard of Lansdale until Roland landed in our midst with a thud. He has made things hum from that date to this and his activities aren't all confined to the classroom. His "pep" is typical of '24 in that he is a booster and a hard worker.

CAROLYN JULIA HUNT, H B Φ, M Φ E, Θ A Φ

Lewisburg

Newton High School, Newtonville, Mass.

Miss McClintock's School, Boston, Mass.

A. B. Course; Girls' Glee Club (1, 2); Mirror Staff (3); Instructor in French.

Carolyn's general ability and great versatility mark her as one of the most all-round girls in the University. An excellent student, a most pleasing soloist, and a clever actress, she has lately shown her ability as an instructor in French and the rest of us are beginning to wonder if there's anything she can't do.

CLINTON BROWN HYATT, Φ K Ψ

"Ham"

Loganston

York High School

Central State Normal School

Electrical Engineering Course; American Society of Electrical Engineers.

The all-around electrician! "Ham" is destined never to graduate as he already has accepted an offer to honor an electrical supply house with his presence.

EFFIE CLAIRE IRELAND

"F"

Jeannette

Jeannette High School

*Biological Course; Recording Secretary Pre-medical Society;
Student Volunteer; Assistant in Chemistry Department.*

Nature endowed this member of our class with a cheerful disposition, a kindly manner, untiring energy, real mental capacity, and a willingness to try anything once. Pre-medical courses hold no terrors for Effie. She is active in religious work and expects to put her medical knowledge into practice in foreign fields.

LAGENDA OF 1924

FOSTER DUNCAN JEMISON, $\Sigma X, \Theta \Delta T$
"Jemie"

Princeton, N. J.

Peddie Institute

A. B. Course; Varsity Football (1, 2, 3); Varsity Baseball (1, 2); "B" Club; Class Basketball (1); Captain (1); Freshman Hop Committee; Sophomore Cotillion Committee; Chairman Junior Prom Committee; Associate Editor L'Agenda.

Wit, humor, and bathos plus an insatiable appetite for work and the heart of a true "man of '24" fairly well describes "Jemie". If there has been any work or pranks that "Jemie" has missed in three years of college life he must have been out of town at the time they were taking place. He takes an active part in everything and takes that part whole heartedly and capably. Here is to "Jemie".

DONALD MILES JOHNSON, $\Sigma X, \Phi \Delta \Sigma$
"Johnnie"

Lewisburg

Lewisburg High School

A. B. Course; "B" Club; Varsity Football Squad (1, 2, 3); Class Football (1); Track Squad (1).

"Johnnie" Johnson is a local lad,
Some say he's good,
Some say he's bad;
He's never been up,
He's never been down,
For he's a twelve o'clock boy
In a nine o'clock town.

EVAN MALBOURNE JOHNSON, JR., $K \Sigma, \Sigma E$
"Johnnie"

New York, N. Y.

Pennsylvania Military College

Civil Engineering Course; American Society of Civil Engineers; Class Football (2); Class Track (2); Royal Flying Corps, British Expeditionary Force.

Here we have the seion of the House of Johnson, Evan M. the Fourth. His celebrity rests upon the fact that when his aeroplane crashed, nothing was left but a nut. On baseball, tennis, dancing; in fact, any topic of conversation, "Johnnie's" word is final. By the way, he's also an ideal husband.

RUTH IRENE JOHNSON
"Rufus"

Lewisburg

Lewisburg High School

Home Economics Course.

Beneath her unassuming, affable manner and behind her smile is a depth of personality that makes her acquaintance a real privilege. Ruth is a hard worker and a conscientious student. She believes that "Where there's a will there's a way" and "Home Ec" courses fall an easy prey before her onslaught.

LAGENDA OF 1924

REV. THOMAS WILLIAM JONES, K A P, T K A
"Tom"

Plymouth

Plymouth High School
Crozer Theological Seminary
Temple Evening College
University of Pennsylvania

A. B. Course; Ministerial Association; Varsity Debating Team (2, 3); Y. M. C. A. Cabinet (3).

"Tom" is not only a successful pastor but has proven himself a dependable, determined, optimistic and in every sense of the word "real man" as well as a loyal class-mate and an excellent mixer. "If you want it done give it to a busy man" is synonymous with "If you want it done give it to Tom".

WILLIAM LAMBERT JOSEPH, Φ Γ Δ
"Joe"

Youngwood

Youngwood High School
A. B. Course; Glee Club (1); "B" Club; Varsity Track (1, 2); Class Track (1); Class Football (2); Junior Prom Committee; L'Agenda Staff.

"Joe" is one of the rivals of Mercury. On the track, his ability, combined with his perseverance and determination, has brought many a victory to Bucknell. He also plays well on the piano; but, alas! not too well. However, he has shown his dexterity in other ways—especially in campus life.

DONALD BRUCE KEIM, Φ Θ Σ
"Don"

Danville

Danville High School
Electrical Engineering Course; American Society of Electrical Engineers.

At last we have found a man who has picked the right course! It is a pleasure to find one like "Don", who can combine a hobby and a profession in such proper proportions. (This causes us to suggest that Steinmetz's successor may not be far from home.)

CLYDE ERNEST KELLY, Φ Κ Ψ
"Tim"

Scottdale

Scottdale High School
Biological Course; Assistant Baseball Manager (1, 2); Junior Prom Committee.

Society. That's "Tim's" stuff. He never misses a "Sem" function and trips a mean toe, as everyone will vouch. He is a typical Pre-Med of the modern age.

LEGENDA OF 1924

ADELAIDE LOUISE KING, K Δ

"Adelaide"

Plainfield, N. J.

Westfield High School
Plainfield High School

A. B. Course; Girls' Class Treasurer (2).

If quietness earned riches, Adelaide would be a millionaire. She is a sweet, demure lassie who is always ready to help a "buddy" without their asking twice. Although she doesn't tell everything, we think that her heart beats warmly for a "Bob" away off in Steelton.

ELEANOR GRANT KINGSBURY, Φ M

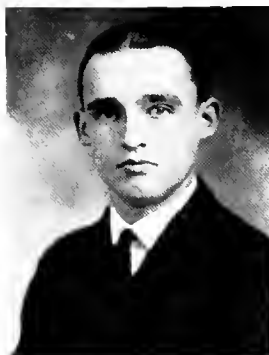

"El"

Holyoke, Mass.

Holyoke High School
Northfield Seminary

A. B. Course; Y. W. C. A. Cabinet (3); House President (3); Girls' Glee Club (3); Mathematics Club; Mathematics Assistant; Class Hockey (3).

This prim little Puritan miss who is not too prim to be a good sport has won our hearts by her sweet smile and gentle manners. One of her many virtues is dependability. She is right there every time. Although Eleanor has chosen mathematics for her major her classroom record shows us an "A" in every line.

PETER FRANCIS KINYOUN, K Δ P

"Pete"

Penn Yan, N. Y.

Penn Yan Academy

Mechanical Engineering Course; American Society of Mechanical Engineers; Freshman Hop Committee; Junior Smoker Committee.

This handsome product of the Empire State is recognized by his classmates as a loyal friend, an excellent mixer, and an exceptional dancer; but he does not permit his social inclinations to interfere with the real ends of a college education. However "Pete", may we ask: "Why should college change a man's name?"

ALBERT McKINLEY KISHBAUGH, K Δ P

"Kishie"

Nesquehoning

Nesquehoning High School

Chemical Engineering Course; Chemical Engineering Society.

"McKinley" says: "It's a great life if you don't weaken", but one glance at this corpulent bit of humanity, reveals to us that Chemical Engineering is "his stuff", and contrary to the possibilities expressed in his motto, we find that hard study only contributes to his ever increasing avoidupois.

LAGENDA OF 1924

GEORGE DEWEY KNIGHT

"Dew"

Cogan Station

Williamsport High School
Muncy Normal
Mansfield Normal, S. A. T. C.

A. B. Course; Pre-Medical Society; Bucknell-Lycoming County Club; Assistant in Biology Department (2, 3).

Dewey is the kind of person that is needed, being both a student and a friend. He is always willing to help a fellow out. His assisting in botany will be a great advantage to him in his chosen career. When it comes to anything regarding biology, Dewey is right there, as he "knows his stuff".

JOHN KOBLISH

"Kable"

Plymouth

Plymouth High School

Electrical Engineering Course; Electrical Engineering Society; Class Baseball (1, 2); Class Foot-Ball (1, 2); Junior Smoker Committee.

"Shawnee against the world". When "Kable" arrived here from the "coal-crackin" town up the river he told the folks he'd do or die and he is by no means dead. He achieved his greatest renown as the "Broadcaster" of West College. "D. C." and "A. C." are meat for Johnny.

RUSSELL MAURICE KOSTENBAUDER, $\Phi \Theta \Sigma$

"Jim"

Aristes

Conyngham Township High School
Mt. Carmel High School
Albright, S. A. T. C.

Civil Engineering Course; American Society of Civil Engineers; Bucknell Band (1, 2, 3); Class Baseball (2).

"Jim" often relates to an attentive audience that he "wouldn't trade his course for any other in school" and he usually gets it across so strongly that his audiences are forced to believe him. It is the right spirit, "Jim", and we hope that you will always feel that way about it.

JAMES HARD LANDAU

"Jimmy"

Sunbury

Sunbury High School

Biological Course; Pre-Medical Society.

"Jimmy" hails from Sunbury but we don't hold that against him. Being a pre-med., he naturally knows his books with the "bones". Girls don't bother "Jimmy"—he just found out last semester that Bucknell is a co-educational institution. As a student he is hard to beat.

LAGENDA OF 1924

MARY CATHERINE LAPE, Δ Δ Δ, C. E. A.
"Murry"

Johnstown

Johnstown High School

A. B. Course; Johnstown-Bucknell Club; Bucknellian Staff (1, 2); Associate Editor Bucknellian (3); L'Agenda Staff.

Clever,— that's the word, and a nucleus of ambition. "Hill" and "Sem" have fallen victim to her pleasing manners and winsome smiles. Even with attractions here, "Murry" sometimes gets "Wayward" notions and the old tune, "Carry me back to West Virginia", can be heard through the halls of Annex.

RAYMOND HILDING LARSON, Δ X A
"Swede"

Port Allegany

Port Allegany High School

Civil Engineering Course; American Society of Civil Engineers; Varsity Football (1, 2, 3); Class Football (1); Class Basketball (2); Sophomore Banquet Committee; Class President (3); L'Agenda Staff.

"Swede" is an active man in all campus functions—athletic, scholastic, and social. His cheerful smile is always welcome—both in the classroom and on the athletic field. He is our leader this year and we hope that he will carry his "Have a Smile" to wherever he hopes to take up his engineering work.

GORDON MERRILL LENOX, B K Ψ, T K A
"G. Merrill"

Coraopolis

Elizabeth High School

A. B. Course; Ministerial Association; Assistant Cheer Leader (3); Y. M. C. A. Cabinet (3); Assistant in Public Speaking; Debating Team (2, 3); Assistant Manager Debating (3); Bucknellian Staff (2, 3); Editor-in-Chief Bucknellian (3); Glee Club (2, 3); Sec. Glee Club (3); Class Cheer Leader (2); Class Base Ball (2); Freshman Declamation Contest; Sophomore Banquet Committee; Associate Editor Commencement News (2).

There can be no doubt as to G. Merrill's versatility—one glance at the list of his accomplishments is sure proof. Neither were these titles handed to him in a golden spoon, but he acquired them in the same way that anything worth while is acquired—by work. With all his responsibilities, he always finds time to be a friend.

JOHN EUSTACE LENOX, B K Ψ
"Johnnie"

Coraopolis

Elizabeth High School

Biological Course; Pre-Medical Society, Vice President (3); Student Volunteer Association; Assistant in Chemistry and Biology (3); Class Baseball (2).

Speaking proverbially, "good stuff comes in little bundles" and, indeed, this little bundle is so well packed that words are inadequate to speak the capabilities of this genius. Sciences hold no terrors for him. "Johnnie" expects some day to heal the ills of darkest Africa.

LAGENDA OF 1924

GEDDY GILBERT LESAIUS

"Geddy"

Inkerman

Jenkins Township High School
Wyoming Seminary
Chemical Engineering Course; Chemical Engineering Society; Junior Prom Committee.

Ever since "Geddy" and "Jimmy" Brown opened the "West College Bowling Alley"— (and closed it the next morning) —"Geddy" has been famous. A pleasant "Hello" for everyone and a kindly word make him a good classmate and "buddy".

CHARLES FREDERICK LINDIG, A Σ

"Mack"

Lewisburg

Lewisburg High School
A. B. Course; Bucknellian Staff (2); Associate Editor, "Broadcasts" (3); Varsity Debating Team (2); Contributor to Bucknell Mirror; Calendar Editor L'Agenda.

"Mack" has two major claims to notoriety. He insists that the title of his "colyum" in the "Bucknellian" gave rise to the word now so much used in radio. The other claim: He commutes every day in his Buick from his home to the "Hill"—a distance of four blocks!

ROBERT LELAND LIVINGSTON, K Δ P

"Bob"

Jersey Shore

Clearfield High School
Electrical Engineering Course; American Institute of Electrical Engineers.

Here is a student who believes that Electrical Engineers do not need the lingo of Spain to be successful. Moreover, by his extensive use of the telephone and frequent visits to the Orpheum, he has proven himself a firm advocate of co-education in a "Good" manner. College first, then a little home, a close second.

MARY TAYLOR LLEWELLYN, K Δ

"Shorty"

Pittston

Avoca High School
Pittston High School
A. B. Course; Frill and Frozen; Girls' Class Vice-President (2, 3); Class Hockey (3); L'Agenda Staff.

Mary proves the statement that good things come in small packages, for she is "tres bonne" as well as "tres petite". She is a pleasant little miss, and makes hosts of friends, regardless of sex. She is a clever little actress too, her favorite role being that of an Irish comedienne.

LAGENDA OF 1924

WILLIAM JOHN LLEWELLYN, $\Phi \Theta \Sigma, \Sigma \Delta \Psi$
"Shorty"

Wilkes-Barre

Wilkes-Barre High School

Biological Course; Pre-Medical Society; Sophomore Cotillion Committee.

Whatever else may be said of "Shorty", he certainly isn't one of those strong, silent men that we hear so much about. "Shorty" has a lot of worth-while things to say and believes in saying them as quickly as possible—wherein lies the difficulty, for his tongue is not fast enough for his nimble brain.

HELEN ELIZABETH LOCKARD
"Pobre"

Johnstown

Johnstown High School

A. B. Course; Johnstown-Bucknell Club; Spanish Club.

Helen is one of our best Spanish students. Spanish does not claim all her attention, however, as she is a most ardent rooter for all college sports. As a friend she is all that is to be desired. "Pobre" is an all around girl with real college "pcp".

GEORGE WALTER LONG, $B K \Psi$
"Shortie"

Ardmore

Lower Merion High School

A. B. Course; Second Assistant Manager Baseball; Manager Class Basketball (2); Sophomore Banquet Committee; Junior Prom Committee.

Hailing from Ardmore, the chief suburb of which is Philadelphia, George entered Bucknell with the rest of us. He has the original "won't come off" smile and with it, he has made us know him and like him. "Shorty" is an optimist in every sense of the word and we have christened him to be our "official little ray of sunshine".

CURTIS MILTON LOWRY, $K \Delta \Psi$
"Curt"

Uniondale

Uniondale High School
Carbondale High School

Mechanical Engineering Course; American Society of Mechanical Engineers; Vice President Glee Club (1, 2, 3); University Band (1, 2, 3); Class Baseball (1, 2).

Behold the man of many callings! A second Caruso, the successor of Babe Ruth, a disciple of Dr. Bartol, with the pen of a Christie and the ready wit of Bud Fisher, this versatile product of Uniondale is always prepared to use his talents for "old Bucknell".

L'AGENDA OF 1924

ROBERT WILLIAM MACHAMER, K A P

"Bob"

Lewisburg

Lewisburg High School

Chemical Engineering Course; Chemical Engineering Society; University Band (1, 2, 3).

At the dawn of the twentieth century there appeared 'neath the shadows of our University, this determined college chap. Besides majoring in Chemical Engineering, which was in no way obliterated by Prof. Groner's observation of Bob's condenser catastrophe in the laboratory, he expresses a profound interest in music, haberdashery and in winning his "Dutch".

GALEN STUART McINROY, Φ Θ Σ

"Mac"

Middlebury Center

Wellsboro High School

Mansfield Normal

Biological Course; Pre-Medical Society; Class Football (2); Class Baseball (2).

"Mac" tried to fool us all into believing that he had nothing to say on any subject at all when he first came here; but he has been found out. He has a lot of original ideas, and that thick surface of silence once broken, is very fluent in expression.

ARTHUR JOHN McMURTRIE, Σ A E, Θ A T

"Pinkie"

Muncy

Muncy High School

Mechanical Engineering Course; Mechanical Engineering Society; Class Baseball (1); Junior Prom Committee.

"Pinkie", the lad with the flaming dome, comes from Muncy which is a very good place to come from—as quickly as possible. Bucknell has done a lot in subduing one of the "Muncy Injunums" and in fashioning him into a stunning society youth. The most elusive member of the opposite sex is quelled by a mere glance from his eye. Social triumphs however, have not prevented "Red" from being a "hale fellow well met".

MAGGIE MARTIN, K A, C. E. A.

"Blondie"

Pittston

Pittston High School

A. B. Course; Girls' Class Secretary (2).

No social function is complete without "Blondie's" presence, and no Tuesday is complete until Maggie accompanies "Lem" to the Purity. Maggie is a good student and is an expert in the gentle(?) art of repartee. She has secured a name for herself as a "Mark" shooter.

L'AGENDA OF 1924

FLORENCE MARGARET MARTZ, ΦM
"Floss"

Washingtonville

Turbotville High School

A. B. Course; Mathematics Club; Class Numerals (1).

"Floss" is a girl whom we all like in spite of her heated arguments on the negro question. Mathematics is her strong point in the classroom. But French, Journalism, and History are mere froth in her young life. Aside from this she is a real girl, the true-blue kind, that are hard to find.

MILDRED MEGAHAN, $A X \Omega$
"Mid"

Williamsport

Williamsport High School

A. B. Course; Mathematics Club (1, 2); Girls' Glee Club (2, 3); Y. W. C. A. Treasurer (3); Student Executive Board (2); Lycoming County-Bucknell Club; Class Basketball (1); Girls' Class President (3); L'Agenda Board.

Studious, oh my, and she gets that way from playing bridge, organizing "stacking" teams, and eating in the "wee sma' hours". She's just naturally bright. Her school activities resemble a tabulation of the articles in Doabler's store. She has already received her "D. S." in Methods of Fruit Salad and her "P. M." at the Orpheum.

WAYNE SAMUEL MENGEL, $\Phi K \Psi$
"Steve"

Shamokin

Shamokin High School

Peddie Institute

A. B. Course; L'Agenda Staff.

Life's a jest, all things show it.
I thought so once—
Now I know it.

ELIZABETH MIDDLETON, $\Pi B \Phi$, C. E. A.
"Betty"

Camden, N. J.

Collingswood High School

A. B. Course; Frill and Frozen; L'Agenda Staff.

"Betts" came to us "to be brought out" so Dame Rumor has it, and we feel sure that old B. U. has succeeded in her purpose. She ranks high in all her studies but her favorite one is astronomy, and a clear night finds her watching for a certain planet containing her "football star".

LAGENDA OF 1924

OLIVER NELSON MILLER JR., Σ A E
"Ollie"

Allentown

Mahanoy City High School

A. B. Course; Manager Class Baseball (1); Class Baseball (2); Class Football (2).

Every sailor has a girl in every port, but Ollie has long since confined his intentions to one lone port—Allentown. He is reputed to be a far-famed hunter, in fact he is always hunting for wild animals, for books, or for a shortcut to success. "Boliver" has a host of friends because of his personality.

ELIZABETH VORIS MOORE, K A
"Libby"

Watsonstown

Watsonstown High School

A. B. Course.

Because "Libby" is a commuter from Watsonstown it has taken her two years to find "Pinkie". Now that he is found he is getting lots of experience as a traffic man, meeting trolley cars to and from Watsonstown. "Libby" has a good old-fashioned personality and we are glad that she belongs to '24.

DAVID WENDELL MORGAN, Σ A E, Θ A T
"Chalk"

Franklin

Franklin High School

Biological Course; Pre-Medical Society; Sophomore Cotillion Committee; Junior Smoker Committee.

Why a man coming from an oil town is studying medicine we cannot fathom, but, nevertheless, it's "oil right". "Dave" is an all-around man, being a good student, an athlete, a good mixer, and a real friend. When it comes to the fair ones, he is a popular boy. "Chalk" says he will never forget the night he spilled the whitewash on the bridge.

HENRY BENJAMIN MUSSINA, B K Ψ
"Hennie"

Williamsport

Williamsport High School

Biological Course; Pre-Medical Society; Bucknell-Lycoming County Club; Class Basketball (1, 2); Art Editor L'Agenda; Band (1, 2).

"Hennie" is the smaller half of the Mussina twins, his brother having taken a trifle more than his share. However, size does not prove a handicap on the basketball court. "Hennie's" greatest ability is in the field of art. He is a clever cartoonist, and his paintings are real masterpieces.

LAGENDA OF 1924

MALCOLM VIVIAN MUSSINA, B K Ψ

"Happy"

Williamsport

Williamsport High School

A. B. Course; Bucknell-Lycoming County Club; Glee Club (3); Instructor of Physical Education; Bucknellian Staff (3); Cross County Team (3).

What's in a name, anyhow? A whole lot in "Happy's" case, not only once in a while, but all of the time. He spends a great deal of time with dumb bells and Freshmen. Besides this, he travels with the Glee Club—he has an "unusual voice". With all of his work, "Happy" manages to attend movie matinees, but then "that's neither here nor there".

RANDALL LAMAR NEWELL, A X M

"Big Boy"

Canton

Canton High School

Mechanical Engineering Course; American Society of Mechanical Engineers; Mathematics Club; Class Track (1).

A quiet lad who can always tell or appreciate a good joke, even though it is on himself. He is always on deck when a good time is at hand. Randall is an expert at teasing and likes to "spoon" folks, especially the little fellows. Long and slim, that's surely him.

HARRY VIRGIL OVERDORFF, B K Ψ

"Virg"

Johnstown

Johnstown High School

A. B. Course; Math Club (1, 2); Johnstown-Bucknell Club (Pres. 2, Treas. 3).

"Virg" is the tall quiet, unassuming chap with the blonde complexion who always greets you with a friendly smile when you pass. Due to his pleasing personality, he has made many friends. Besides many other accomplishments, "Virg" is a first-class scholar and exponent of the piano.

EARL EMERY OWENS, B K Ψ

"Cap"

Hemlock, N. Y.

Hemlock Union High School
Rochester Business Institute

Biological Course; Pre-Medical Society, Pres. (3); Registrar's Office (1, 2, 3); Treasurer Bucknell Lyceum (2). Business Manager L'Agenda.

Besides being business manager of this organization and president of the Pre-Medical Society, "Cap" has a thousand and one minor duties to perform. The remarkable thing about it is that he gets away with it all with a smile, and still finds time occasionally to visit the Woman's College.

LAGENDA OF 1924

NICHOLAS PALMA, $\Lambda \times \Lambda$, $\Sigma \Delta \Phi$

"Nick"

Paterson, N. J.

Paterson High School

Biological Course; Pre-Medical Society; Sophomore Cotillion Committee; North-Jersey-Bucknell Club; Junior Prom Committee.

"Nick" came to us from Paterson, and it was a good wind that blew him our way, for he came in with a perpetual smile and a banjo. He is known by that banjo because he surely can tickle its strings. We can't hate "Nick" even tho he has a commuter's ticket to Sunbury for she surely is a Queen.

JAMES NELSON PATTERSON, $B K \Psi$

"Pat"

Onnalinda

Beaverdale High School

Kiski Prep.

Biological Course; Pre-Medical Society; Johnstown-Bucknell Club.

Do you see that bashful little fellow over there in the corner fidgeting his hat? No, that isn't "Pat". That good-looking fellow with the curly hair talking to that bunch of girls—that's "Pat". "Pat" is a firm believer in co-education, placing the emphasis on the co as much as on education.

MARY RUTH PECK, $\Pi B \Phi$, C. E. A.

"Peckie"

Pittsburgh

Schenley High School

A. B. Course.

This attractive and sophisticated young lady is a loyal member of the Wolfe House gang, and a leading spirit in its many adventures when she is not otherwise engaged. Unfortunately, however, she is now very much engaged. "Peckie's favorite sport is cutting classes, in spite of which she manages to be an "A" student.

MARY ELIZABETH PEIFER, $K \Delta$

"Betty"

Wilkes-Barre

Wilkes-Barre High School

A. B. Course.

This quiet lassie is right on top when it comes to lessons. Of course she doesn't spend all her time at studies, for her many thoughts take flight to a little church in the wildwood. She is a cooperative worker in every undertaking and a friend to all who know her.

LEGENDA OF 1924

AMOS VASTINE PERSING, JR., K Σ

"Doc"

Allenwood

Milton High School

Biological Course; Pre-Medical Society; Sophomore Cotillion Committee.

"Doc" came to us from a little "burg" not so far away, yet he came prepared and prepared well, for he seems to be following, closely, the footsteps of his Dad. Allenwood, tho small, sure has its quota of nice girls; Doc never "said" so but—there's a reason for his silence.

GRAYCE ESTHER PETERSON, Π B Φ

"Petey"

Monessen

Monessen High School

Home Economics Course; Class Basketball (1).

Folks are attracted to "Petey" not only by her good looks but also by her pleasant and friendly disposition. Since she is pursuing the Domestic Science course she is naturally much interested in home decoration and management, and expounds frequently upon these subjects to a various audience among whom, she says, there's not one who can heat the Dutch.

RUTH PORTER, A X Ω

"Rufus"

Oil City

Oil City High School

Biological Course; Pre-Medical Society.

"Rufus" believes in using what the gods provide for purposes of entertaining men—a sofa in the "Holy of Holies" or an iron chain on the campus. However, we must admit that Ruth, although a hard working Pre-med., is always ready for a good time at the "Sem" and is peppy and original.

RUTH RAKER, K Δ, C. E. A.

"Rufus"

Allentown

Allentown High School

Home Economics Course; Glee Club (1, 2).

"Rufus" Rastus Johnson Brown, what did you do when Jack's pin came around? You took it, of course. Bobbed hair and blue eyes make any man a perfect prize. Planning for cooking, washing, and dressmaking, "Rufus" will make an ideal wife for someone—!

LAGENDA OF 1924

MARY ELIZABETH RAKESTRAW

"Mary"

Williamsport

Williamsport High School

A. B. Course; Lycoming County-Bucknell Club.

Mary is one of those versatile girls who can adapt herself to anything, be it studies, knitting, cooking or jazz.

"Mary, will you play for us?" is a familiar phrase to Mary, for her services as an "orchestra" are requested often, whether at "Sem" parties or merely the nightly "Sem" dance. And, oh! her chocolate pies!

KAREN NARHOLM RASMUSSEN

"Karen"

Perth Amboy, N. J.

Perth Amboy High School

A. B. Course; Mathematics Club (1); Y. W. C. A. Cabinet (2); Student Executive Board (3); Glee Club (3); Class Basketball (1, 2).

Tall, fair, blue-eyed and capable, Karen is a typical daughter of her native Denmark. With an enviable record for scholarship she arrived at B. U. where her slightest efforts are rewarded with a straight "A". Study hour usually finds Karen reading the latest magazine or making her "uke" talk.

GERALD MARK RASSWEILER, Δ Σ

"Razzy"

Lewisburg

North Denver, Colo., High School

Lewisburg High School

Electrical Engineering Course; American Society of Electrical Engineers, Vice President (3); Assistant Editor, Bucknell Mirror (3); Assistant in Physics Laboratory (3).

This is our entry for exhibit "A" for the Hall of Fame. He gets straight "A's" from "Simp"!!! Further than that, "Razzy" is famed as one of that "awful aggregation" that joined '24 from Lewisburg High. AND, be it known, Gerald asserts he is *not* a devotee of the well-known Rassweiler Public Speaking.

JOHN MAXWELL REED, Φ Γ Δ

"Max"

Lewisburg

Lewisburg High School

A. B. Course; "B" Club; Varsity Football (1, 2, 3), Captain-Elect 1923; Class Basket Ball (1, 2).

Behold the living likeness of "THE SKIN YOU LOVE TO TOUCH". "Max" was in Lewisburg, it is said, when Bucknell was a grade-school. Early in his athletic career he adopted the motto "They shall not pass". For verification ask anyone who has played on a football line against him.

LAGENDA OF 1924

WILLIAM ARTHUR REES

"Bill"

Providence, R. I.

Mt. Herman, Mass., Prep.

Biological Course; Pre-Medical Society; Glee Club (2, 3); Varsity Cross-Country Team (3); A. E. F.

"Bill" is a generous-hearted, hard-working lad from Providence. While his blonde locks are rapidly thinning, he maintains that he can't have brains and hair, too; also that he positively does not use peroxide.

WILLIAM DANIEL REITZ, A X A

"Bill"

Lewisburg

Lewisburg High School

Mechanical Engineering Course; Mechanical Engineering Society.

"Bill" is one of the "local talent" but then he has the distinction of being Mayor of "Brook Park" and that is something which not everyone can claim. Bill is also a student and an ardent admirer of the fair sex—especially one who some day may be "Mrs. Mayor".

LILLIAN ALICE ROBERTS, A Z

"Billie"

Germantown

Franklin High School

Franklin College

A. B. Course; Glee Club (3).

"Billie" lays claim to being champion racquet wielder, long distance hiker, Glee Club warbler, amateur artist, fun organizer, and minister's daughter. And how she can talk! Her favorite topic is Chautauqua, boosted with two summers' experience. When "Billie" suggests "doing something", trouble's brewing! Yet 'tis rumored some folks love "trouble".

EDWIN DAVID ROBB, B K Ψ

"Eddie"

Howard

Central State Normal School

Bellefonte Academy

Civil Engineering Course; Civil Engineering Society; Band (1, 2, 3); Class Base Ball (1, 2); Junior Smoker Committee.

"Eddie" has three chief sins,—tooting a horn, borrowing postage stamps and getting stacks of letters but he manages to make friends, and what is better, to keep them. "E. David" is some kind of an engineer, but exactly what kind is rather hard to tell.

LEGENDA OF 1924

HENRY TRACY ROCKWELL, B K Ψ

"Rocky"

Monroeton

Towanda High School

A. B. Course; Assistant in Registrar's Office (2); Bucknellian Staff; A. E. F.

"Good men are hard to find", but Bucknell found one when, persuaded by his big brother, "Rocky" picked this as his Alma Mater instead of Yale or Harvard. He is really very sophisticated, altho he does not wear a sign on his back advertising the fact.

SARA ALICE RUHL, II B Φ

"Alice"

Lewisburg

Lewisburg High School

A. B. Course; Freshman-Sophomore Declamation Contest; Frill and Froze.

Although Alice lives in Lewisburg, she is by no means a small town girl. She is wise in the ways of the world. Alice is fond of outdoor sports of all sorts but versed in indoor ones as well. Fortunate is he who has a chance to partake of her cookery.

ALBERT RAPHAEL SANDOVAL

"Sandy"

Caracas, Venezuela, S. A.

Lock Haven Normal School

Civil Engineering Course; American Society of Civil Engineers.

"Sandy" came a long way to enter Bucknell and he surely is taking advantage of his educational opportunities. He's a "whiz" with a transit, but he declares that physics is the bane of his life. He was originally a member of the class of 1923, but when he came back from Venezuela last fall, we welcomed him into the ranks of '24.

JEFFERSON VERNE SANGSTON, Σ X. Θ Δ T

"Jeff"

McClellandtown

German Township High School

A. B. Course; Junior Smoker Committee.

"Jeff" is the second of three members of this family who have entered our portals of learning. If McClellandtown has more sons of like calibre, they will be more than welcome at Bucknell. Even though a student in every sense of the word, there have been times when he has swayed to the winds of temptation.

L'AGENDA OF 1924

HAROLD LUTHER SCHAEFER

"Schaf"

Cogan Station

Williamsport High School

A. B. Course; Bucknellian Staff (3); Bucknell-Lycoming County Club, Secretary (3); Mathematics Club; L'Agenda Staff.

Harold came to Bucknell with a high record as a student and, from all appearances, he still knows how to study. A friend to all, he is always willing to lend a helping hand to the needy. Ambitious and persevering, he lets no task, however large, interfere with his success.

CHARLES LUTHER SCHULZ, $\Phi \Gamma \Delta$

"Heinie"

Pottstown

Mercersburg Academy

Chemical Engineering Course; Chemical Engineering Society; Junior Smoker Committee.

If we could print a laugh, that would be all that is necessary to describe him and we would say with one accord—"Heinie". He has a peculiar habit of working on a certain one-lunged Ford and his hobby is eating pretzels. His indifference to close intimacy with work is no indication of his ability, however, for he is a student that gets there, be it work or play.

CLARENCE MERRILL SHAFFER, $\Delta \Sigma$

"Snap"

Latrobe

Latrobe High School

Electrical Engineering Course; American Society of Electrical Engineers; Glee Club (1, 2, 3), Assistant Manager (3); Second Assistant Track Manager (2); Assistant in Mechanical Drawing Department (2, 3).

"Snap's" education progressed so rapidly at Bucknell that he felt it necessary to protect himself from further onslaughts of Demon Knowledge by means of a pair of shell-rimmed goggles. His chief regret is that in his affairs of the heart he has failed to win an introduction to the "College Widow".

MYRTLE GERTRUDE SHARP, $\Pi B \Phi$

"Myrt"

Flemington, N. J.

Flemington High School

A. B. Course; Class Historian; Freshman Hop Committee.

One would little think that this quiet and dignified young person began her career in notorious Brady. But "Myrt" has since transferred to the peaceful environs of Annex, where with her fancy work, her chafing dish, and her letters from dear old Jersey, she manages to lead quite a pleasant existence.

L'AGENDA OF 1924

LUELLA FRANK SHORTESS, Δ Δ Δ

"Luella"

Montandon

Montandon High School

A. B. Course; House Mother of Wolfe House.

A conscientious student! We envy her intellect in Psychology. Her years out of school subscribe to an attitude that's all business! You'll find she has everybody's interest at heart and besides mothering the Wolfe House girls, mothers her own little flaxen haired lass.

A friend in need,
A friend indeed,
Is Mrs. Shortess.

JEROME FRANCIS SKEHAN, Σ X, Θ Δ T

"Jerry"

Reynoldsville

Reynoldsville High School

A. B. Course.

The Sheik of Araby would gladly release all laurels to this fair, black haired youth from the western section of the Keystone State. The class of '24 welcomed Jerry into their midst last year when he returned to Bucknell after a year's absence.

MARGARET JEAN SMITH, Π B Φ

"Peggy"

Paterson, N. J.

Paterson High School

A. B. Course; Glee Club (1); College Girls' Reception Committee (1); Frill and Frozen.

"Peggy" always does what she sets out to do and consequently excels in studies, as in all her other undertakings. She seems to be greatly interested in the mails and we understand that her liking for Pittsburgh may persuade her to settle in that section of the state.

LOUIS WALTER SOBRAY

"Louie"

Mt. Pleasant

Mt. Pleasant High School

P. N. A. College

Biological Course; Pre-Medical Society.

"Louie" hails from the land of coke ovens, but he stoutly maintains that he originated in Pittsburgh. "Louie" asserts that his formula for "college bred" has any other one beat—"A four-year loaf with lots of dough and plenty of crust"—and has been trying to prove it for three years.

LEGENDA OF 1924

OLIVER THOMAS SOMERVILLE $\Phi K \Psi$
"O. T."

Rutherford, N. J.

Rutherford High School

A. B. Course; North Jersey Bucknell Club; Class Football (2); Class Track (1); Freshman Hop Committee; Sophomore Cotillion Committee.

Notwithstanding his good nature and studiousness, he is the typical collegiate kid. His best course is in the "Mid"-dle of the afternoon.

EDWIN CLIFFORD SOULTS, $\Phi \Theta \Sigma$
"Cliff"

Great Bend, N. Y.

Black River High School

Biological Course; Pre-Medical Society.

"Cliff's" main object in life seems to be an effort to introduce North County culture into Bucknell. Aside from this, his chief interest in life seems to be his car—the "Wicked Flea". He is said to have imported it from New York—no not New York City, but Great Bend, N. Y., or Large Twist—as you will.

LESTER CLEARMAN STANTON, $K \Delta P$
"Indigo"

Waymart

Waymart High School

Electrical Engineering Course; American Institute of Electrical Engineers; Sophomore Banquet Committee.

Determined to be a "real injuneer", "Indigo" hailed to us from the metropolis of Waymart and contracted this handy nickname while relating his experiences with Prof. Owens in Freshmen unknowns. However, from experiences, Stanton will argue with the best of chemists, that there's more than carbon in a Dia(y)mond.

RACHEL MARIE STECKEL
"Steck"

Slatington

Slatington High School

A. B. Course; Glee Club (2, 3); Mathematics Club (3); Class Basketball (1); Class Hockey (3).

Where individuality and ability meet we find "Steck". In her the girls of '24 have a loyal classmate and a real athletic asset in both basketball and in hockey.

"Steck's" talents range all the way from Mathematics in which she assists "Sheidy" to an active part in glee club.

LAGENDA OF 1924

KATHRYN REBECCA STECKMAN
"K"

Roanoke, Va.

Jefferson High School
A. B. Course.

Curly hair, an irresistible smile, and eyes that fairly dance with good nature and mischief—that's "K". She is always cheerful, never worried, forever busy, but never too rushed to plan some prank. However, we "reckon" "K" isn't all fun for down in under we have found loyalty and stability.

MARGARET BOWER STEELY
"Peg"

Lewisburg

Shamokin High School
A. B. Course.

Margaret did not come to B. U. as a complete stranger for her older sister had already blazed the trail. Although as a Freshman she was somewhat quiet and retiring, "Peg" soon made many friends. Free from the distractions which lurk about the Sem, she has made her mark as a faithful student.

MARY ANNA FULTON STEPHENS
"Stevens"

Johnstown

Johnstown High School
A. B. Course; String Orchestra (1); Johnstown-Bucknell Club.

If St. Peter ever needs an assistant "Stevens" will surely qualify, for she is never to be found without her keys. Mary's favorite recreations are horseback riding and playing her violin, but since her brother William became a Bucknellian much of her spare time is spent with him.

PERCY KENNETH STEVENTON, K A P
"Perce"

Nesquehoning

Nesquehoning High School
Biological Course.

This placid youth says "Your tongue wags too freely". "Steve" hails from the Panther Valley which naturally signifies lack of domestication, however he is a decided contradiction of all presumptions. But "Steve" also has a propensity to small things for he manifests this in his bacteriological pursuits.

L'AGENDA OF 1924

MARY PAULINE STOCKER
"Pauline"

Chillisquaque

Montandon High School
Milton High School

A. B. Course.

In the annals of world-wide travelers we expect some day to hear of this brown-eyed, dark-haired lass. Every morning she wends her way over the river and through the dale to the college on the hill. She is a persistent worker and student, a loyal friend and a royal hostess.

ALICE ELEANOR STOKES, K Δ
"Stoksie"

Montgomery

Montgomery High School

A. B. Course; Y. W. C. A. Cabinet (2); Treasurer Girls' Athletic Association (2); President Girls' Athletic Association (3); Junior Hockey Team.

The numerous activities of Alice, readily conveys to us that she must be a girl of energy and initiative. Whenever you see this one jolly Junior she has just played hockey, a set or two of tennis or taken a trip around the four mile, and still has a loving smile for everyone.

ALFRED GORDON STOUGHTON, Σ X
"Stote"

Jeannette

Jeannette High School

A. B. Course; Bucknellian Staff (2), News Editor (2), Managing Editor (3); Editor-in-Chief Commencement News (2); Editor-in-Chief 1922-23 Student's Handbook; Vice President Y. M. C. A. (3); Chairman Sophomore Banquet Committee; Editor-in-Chief, L'Agenda.

Well may Jeannette be proud of this son and well may our class be proud of one who has devoted time, thought and energy to the welfare of '24. To him as editor-in-chief of our class annual we owe more than it would be possible to print in the space allotted.

EVELYN KEDZIE STRAUSER
"Kedz"

Williamsport

Williamsport High School

A. B. Course; Lycoming County-Bucknell Club.

Here is a girl whom one must really know to appreciate for although she is very quiet, Kedzie has a keen sense of humor and is really accomplished. She makes delicious candy, does beautiful fancy work, plays a good game of tennis, writes cleverly and in all is a student of merit.

L'AGENDA OF 1924

ELMA VIRGINIA STREETER, Δ Δ Δ

"Skeeter"

Williamsport

Williamsport High School
Margaret Morrison School

A. B. Course; Lycoming County Club; Glee Club (3); Eaglesmere Delegate (2); Y. W. C. A. Conference Committee (3); Class Hockey (3).

"Skeeter" is never happier than when in hiking togs or hockey outfit. She brings a wealth of gaiety from her native "Billtown" which keeps her friends in a continual state of uproar. We conjecture she's making plans for Y. campaigns as she admires the view from her front campus window.

MILTON JONES STRINGER

"Deac"

Philadelphia

Germantown High School

Biological Course; Pre-Medical Society, Secretary (3); Bucknellian Staff (1, 2, 3), Sporting Editor (3); 2nd Assistant Manager Varsity Basketball (3); Cap and Dagger (1, 2, 3); Class Track Team (1); Junior Prom Committee; L'Agenda Staff.

"Deac" tries hard to live up to the motto of his canteen—"We strive to please!" The wide diversity of his activities show him to be a loyal Bucknellian. "Milt" is a friend to anyone who will be a friend to him, but it is said that the present focus of his attentions is Williamsport.

FLORENCE BEATRICE SUPPLEE, Α Χ Ω

"Bee"

West Chester

West Chester High School

A. B. Course.

Here we have a true "busy bee". Sweet-tempered and demure was "Bee" as a Freshman, but as a Junior just as amiable and obliging, but not too demure to bob her hair. As someone has said of her, "Once a pretty little girl but now a pretty little boy".

PAUL RUFUS SWEITZER, K Σ, Θ Δ Τ

"Sweitz"

Plymouth

Plymouth High School
Wyoming College of Business

A. B. Course; Editorial Writer, Bucknellian Staff (3); Assistant Track Manager (2); Sophomore Banquet Committee.

Paul is one whose sensitive nature is keenly alive to Beauty, whether expressed in letters, music or the graceful charms of the gentler sex. Beneath his taciturn exterior, hidden fires lie smouldering. In fine, Nature has here formed for us that rarest of mortals, the instinctive "Apostle of Beauty".

LAGENDA OF 1924

STEPHEN TERPAK

"Steve"

Simpson

Carbondale High School

Fell High School

Electrical Engineering Course; Electrical Engineering Society; Vice-president Chess Club (3).

We used to call Steve "Chesty" but seriously, (so Steve says), he *can* play chess. Originality is his forte and he was the first on the hill to realize the possibilities of the radio. In fact, he and his "oat-meal box" crystal set separated several copecs from gullible Frosh.

MILTON EDGAR TRAINER

"Doc"

Paulsboro, N. J.

Paulsboro High School

A. B. Course.

"Doc" should have majored in math. He is trying to figure out whether it pays to sleep from eight to nine in the morning or to write five hundred words for Prexy from eleven to twelve P. M. "Doc" is usually meek and unobtrusive but on Senior Reception night three Frosh couldn't give him a bath. "Doc" said it wasn't Saturday night.

DANIEL MANEVAL VILLINGER, Δ Σ

"Butch"

Williamsport

Williamsport High School

Chemical Engineering Course; Chemical Engineering Society; Bucknell-Lycoming County Club; Glee Club (1, 2), Publicity Manager (1, 2), First Assistant Manager (2); Bucknellian Staff (1, 2), Alumni Editor (3); Class Hats (2); Assistant in Publicity Department (2, 3); L'Agenda Staff (3).

This to introduce the Bucknell News Service, Ltd. Aside from broadcasting Bucknell "dope" over the country. Dan has eminently succeeded in getting himself well placed on the campus horizon. Here's to "Butch"—Wonderful (?) voice, literary talent, Chem, Lab. inventions, concentrated fussing, 'n'everything!

ARCHIBALD MYGLIS VANBLARCOM, Δ X A

"Van"

Paterson, N. J.

Paterson High School

Civil Engineering Course; American Society of Civil Engineers; Varsity Football (1, 2); Class Football (2).

"Van" hails from Paterson, and like all the students from there, is above par. He is a real student but is never too busy to join the boys, for he is a favorite among them. His endless number of jokes are a valuable asset. We wonder why the Saturday Evening Post is his favorite magazine.

L'AGENDA OF 1924

ELIZABETH MARGARET WAGNER

"Betty"

Smithton

Central State Normal School

A. B. Course; Bucknellian Staff (2); L'Agenda Staff.

Always busy, but not too much so to think of the other fellow—"Betty" has endeared herself to all her associates. She is the typical good student who goes "smiling along life's path" gathering both knowledge and friends.

ELIZABETH SANFORD WALKER

"Betts"

Farmingdale, N. J.

Manasquan (N. J.) High School

A. B. Course; Y. W. C. A. Cabinet (3); Delegate Y. W. C. A. Conference at Eagles Mere (2); Varsity Debating (2, 3); Girls Class President (1); Bucknellian Staff (3); Literary Editor L'Agenda.

Oh Elizabeth Walker is never a knocker
But a strong, peppy booster is she,
We Juniors just love her, our praises would cover
A page 'most as wide as the sea.
A real pal, a true friend, full of cheer without end
She's the best that a Junior could be.

PAUL NEWTON WALKER, Δ Σ

"Pickles"

Verona

Verona High School

Biological Course; Pre-Medical Society; Class President (2); Class Football (1, 2); First Assistant Baseball Manager (3).

As Sophomore President, Paul flashed into the lime-light by foiling the frenzied Frosh in their attempt to keep '24's leader away from the Sophomore Banquet. When the "plebes" sought to descend upon their prey they found he had departed three days before with his cohorts, Hartman and Lindig, on a "camping trip".

PRUDENCE LUNETTA WALTERS

"Prudence"

Lewisburg

Lewis Township High School

Mifflinburg High School

A. B. Course.

And there came into our midst one whose smiling countenance and gentle way have won our hearts. In this quiet lass hath Nature well blended intellect with a sweet disposition and given us a classmate of unusual worth, a student of no little ability and a sincere friend.

LAGENDA OF 1924

MARTHA WINIFRED WATKINS, K Δ, C. E. A.
"Martie"

Pittston

Pittston High School

Domestic Science Course; Junior Hockey Team.

"Oh say can you see"—Stand up Sophomores! Thus it was that "Martie" put one over on the "Sophs". A large green bow worn to classes the next day proved how well the "Sophs" appreciated the joke. But this charming "co-ed" gave everyone another blow when she stepped out with a Phi Gamm pin. Now she is filling what she calls an "Old Maid's Chest".

MARY ELIZABETH WEETER, Δ Δ Δ, M Φ E
"Mary"

Sunbury

New Bloomfield High School

Carson Long Institute

A. B. Course; Glee Club (1, 2, 3).

We don't see much of Mary, because she weekends at Sunbury. But absence only makes our hearts grow fonder for this dainty titian haired blond. Mu Phi and Glee Club pay homage to Mary's musical forte and all are willing listeners. She's an Annex proctor but noisy for a' that!

RUTH HAMILTON WEIDENHAMER, Δ Δ Δ
"Rufus"

Lewisburg

Lewisburg High School

A. B. Course; Frill and Frozen; Freshman Oratorical Contest; Prize in Sophomore Oratorical Contest; Assistant in Public Speaking (3).

"Rufus" and her car fit into the local atmosphere. She can put herself into any dramatic role from "Sally" to "Shylock". Thus she acts! Winning oratorical prizes is a common occurrence in her life and she can shout out "Ship Ahoy!" with a zest unbelievable from so wee a body.

EVELYN MAE WEIDENSAUL
"Eva"

Lewisburg

Lewisburg High School

A. B. Course.

If Evelyn has two qualities which stand out above the rest of her many virtues they are an indomitable will and a habit of doing everything on time. And speaking of A's—"Eva" sure has 'em. She is especially interested in science and at present is establishing new record in Dr. Davis' Botany.

L'AGENDA OF 1924

JESSIE READ WENDELL

"Jess"

Philadelphia

West Philadelphia High School for Girls
Brown Preparatory School of Philadelphia

A. B. Course; Freshman Declamation Prize.

Although "Jess" got her full share when literary and oratorical genius was handed out, her poetical ability was a real gift. Her personality outweighs her ability, great as it is, and in "Jess" we have a conscientious worker, a loyal classmate, and a real friend. What more need one say?

FRANK JOHN WIDEMIRE

"Wide"

Lewisburg

Lock Haven Normal School
State College Summer School

A. B. Course.

Each morning "Wide" bids good-bye to his wife and departs for the university in his Ford Coupe. "Wide" has little to say, but seems to do a lot of thinking. After several years experience in teaching he decided to make that his life work.

EBENEZER DAVID WILLIAMS, K Σ

"Eb"

Nanticoke

Nanticoke High School

A. B. Course; Luzerne County-Bucknell Club (Sec'y-3); Debating Board; Debating Team; State Scholarship; Latin and Mathematics Prizes; Assistant Editor Bucknell Mirror (3); Freshman Declamation Prize; L'Agenda Staff.

Nanticoke has sent us "many" athletes and "some" students; but, let us pause. Glance above and no more need be said. If it's Math, Latin, Greek, Science, History or English, "Eb" knows it—and knows it well. As hobbies, tennis and bridge belong alone to "Eb".

EDWIN WITMAN WILLIAMS

"Ed"

Roaring Spring

Roaring Spring High School
Williamsport Dickinson Seminary
Pennsylvania State College

Chemical Engineering Course; Chemical Engineering Society; Rehabilitation Club (1, 2); Blair County Club (1, 2); Class Baseball (1, 2); A. E. F.

"Ed" made his first appearance in Lewisburg in September, 1922. It is evident that this was inevitable since Mrs. "Ed" is a former Bucknellian. If you want "Ed" in a hurry, look in on Howard Stahl's place of business and you'll probably hear him exclaim, "Three ball cross-corner!" Watch it go!

LAGENDA OF 1924

MERRITT BINGHAM WILSON
"Gingham"

Mt. Holly, N. J.

Mt. Holly High School

Chemical Engineering Course; Chemical Engineering Society; Bucknell Band (1, 2, 3); Class Football (2).

"Gingham" achieved fame his freshman year when he made more noise with his "tweedle horn" than "Smithy" made with his bassoon. Several times last winter he was "ski"-high. He is an ardent believer in the theory of the conservation of energy.

WENDELL HOLMES WOODSIDE, T K A
"Woody"

Clearfield

Clearfield High School

A. B. Course; Varsity Debating Team (1, 2, 3), Assistant Manager (2), Manager (3); Sophomore Oratorical Prize; Freshman Declamation Contest; Law Club.

"Woody's" ability as a debater has been proved on many occasions. His arguments are of the kind that win. It is rumored that he makes frequent week-end trips up around Wilkes-Barre, where there seems to be some attraction. Well, many a good fellow has gone that way before you, "Woody".

ELIZABETH WURTENBERG, Φ M
"Bess"

Towanda

Towanda High School

A. B. Course; Treasurer Student Executive Board (3); Y. W. C. A. Conference Committee (3); Library Assistant (3); Class Basketball (1, 2); Captain Class Basketball (2); Class Numerals (1, 2); Class Hockey (3); L'Agenda Staff.

"Bess" has a sense of humor, is always good natured, has a smile for everyone, and yet possesses a sense of discrimination. She is a student and a scholar. More than this she is a good mixer, a fine dancer, and a real "buddy". She is one girl that you meet in a life time.

ROBERT JOHN YOUNG, B K Ψ
"Doc"

Snowshoe

Snowshoe High School

Central State Normal School

Biological Course; Pre-Medical Society.

Center County is the center of the Baseball World, and "Doc" is its best twirler. If you doubt us, ask him. One of "Doc's" reasons for entering the medical profession is that he doesn't want to see his Dad's surgical tools go out of the family. We believe he'll cut a mean figure some day.

LEGENDA OF 1924

ARTHUR GOULD ZIMMERMAN, K A P
"Zimm"

Pittston

West Pittston High School
Electrical Engineering Course; American Institute of Electrical Engineers.

This excellent example of personified ambition asserts that he came to college to be near "the family", but answer this: How does an "electrical" spend hours each day and night with radio, football and a Red Book and accept an "A" from Prof. Simpson with a clear conscience? Ask him, he can tell you.

FRED THOMAS ZIMMERMAN, Φ Θ Σ
"Jimmy"

Shamokin

Shamokin High School
A. B. Course; Junior Prom Committee.

"Jimmy" is a true man of letters. His conversations are mainly on cultural subjects. From such information as he has given out, it has been inferred that he intends to devote his days to the pursuit of the Muses. We trust that his nights will be otherwise occupied.

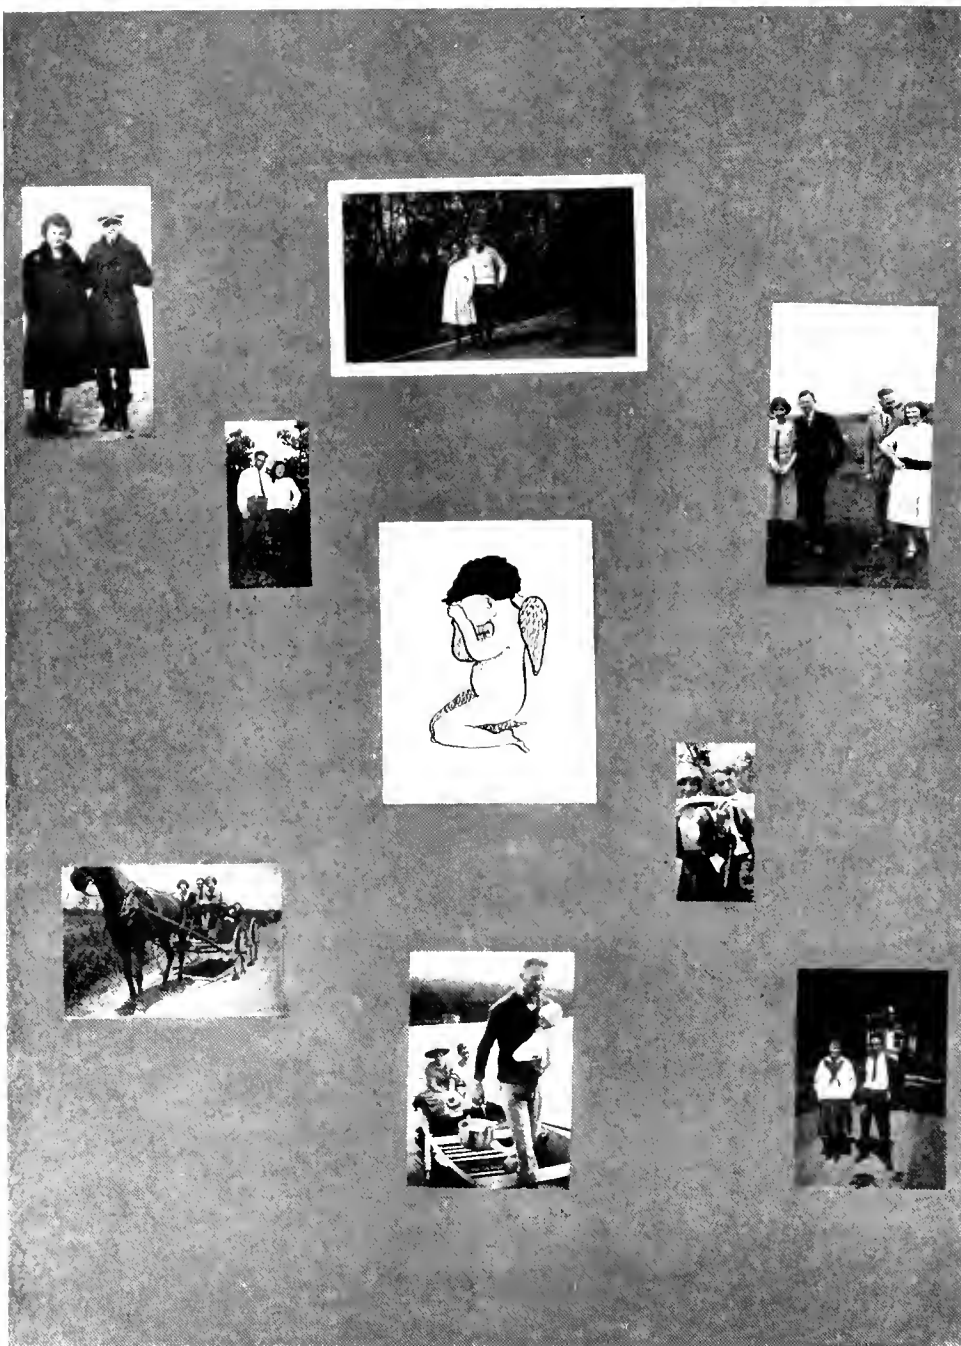

CHARLES HUBERT LEE HAN, A X A
"Chinky"

Pittston

St. John's Academy
Temple University
Biological Course; Pre-Medical Society; Class Football, Captain (2); Coach Freshman Football (3); Bucknellian Staff (3).

"Chinky" joined us in our sophomore year but has made up for lost time as his host of friends indicates. His keen Irish humor and his never-ceasing smile have made him a favorite on the "hill". He is a hard worker and this, with other qualities, will insure his success.

Sophomore Class History 1925

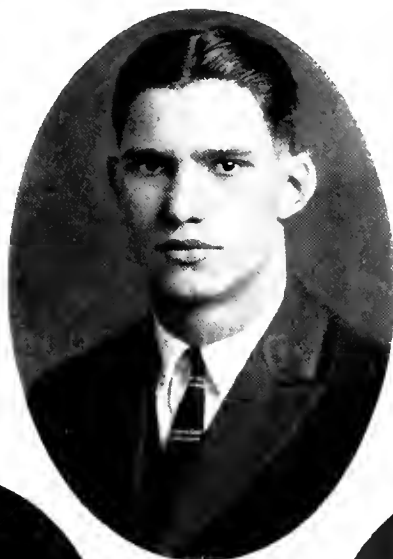

NOT vain glorious, not boastful, not over-confident, but thoroughly believing in that old adage, "Actions speak louder than words," this class has lived up to, and yes, even surpassed the criterion of many of her illustrious and proud predecessors.

Should we attempt to publish a concrete and concise history of this class, the demand would far exceed the supply. This history full of thrills and death defying acts would keep old men before the fire and children from their play. However we should not overlook our entrance and that memorable class scrap. How well we remember when Jupiter Pluvius opened his gates and flooded the site for battle, Tustin field. Then a fearless war cry broke the stillness and the warriors of '25 decked in war paint and clad in hideous garments, dashed upon the muddy battle field and met and vanquished the foe.

Then may we recall that picturesque pajama parade and that costly bonfire. That fire heaped high with inflammable materials and wooden buildings of various shapes and kinds. And how the heavens were illuminated when the beloved dinks at last reached the destiny to which they had often been assigned.

As we now stand on this second rung of the ladder, slowly but gradually nearing the top, we look back upon this year when we were a frivolous irresponsible class of freshman as one of the golden years of our college life. To the Juniors we wish them success. May their aspirations be high and may their achievements surpass their aspirations. To the Seniors we extend our best wishes and give them Godspeed as they leave these portals of learning.

LEGENDA OF 1924

LEGENDA OF 1924

Freshman Class History

THERE is a certain amount of flowery introduction which any historian having pride in his organization, would feel obligated to couch into the narration of its history. In this case however, it seems that the actual successes and achievements of the Class of '26 are even more than sufficient to permit the omission of such an introduction and still keep the writer in the good graces of the Class.

"Twenty-six" is the largest class that ever entered Bucknell. Her numbers combined with her ability have won a place of esteem in the hearts of the older men and women about the campus.

Soon after school convened officers were elected, which resulted in the choosing of Marshall as President, Reed as Vice President, Miss Loche as Secretary and Walter as Treasurer. Under this administration a football team was organized with Charles Crane as Manager and Clarence (Peg) Koch as Captain. In the annual game with the sophomores, the frosh won by a 7 to 6 decision, Koch being the hero of the game.

In November, Marshall and Miss Loche were called home, necessitating the election of new officers to fill these vacancies. Koch was chosen to fill the President's chair and Miss Morrison that of the Secretary.

With the opening of the basket-ball season a freshmen team was organized with Thomas Hann manager and Donald Rigg, captain. In the games played to date there have been five victories and two defeats, with still several games to play, among the latter being the annual "Soph" game.

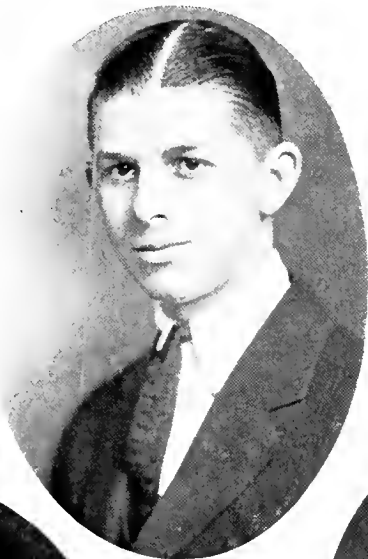

The girls also wishing to contribute a bit of athletic glory to the class, organized a hockey team which was gratifyingly successful.

Again with the opening of the second semester the Class of '26 had to change its "royal family", for, due to failing health, "Peg" had to leave school and Foshay was elected as the new President. Indications are at present that he will stick it out.

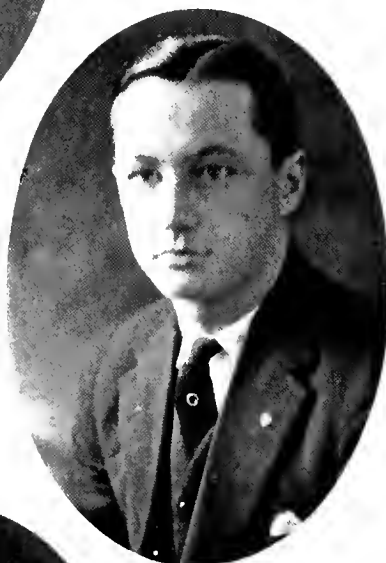

A committee for the Freshmen Hop has been appointed with Joseph McCormick as chairman, but as yet no definite plans are in existence.

In summing up there are several things of which the Class of '26 may well be proud; namely: the victory over the sophs at football, the production of a successful basketball team, the same being true of the girls hockey team, and the possession of a "royal family" such as very few classes can boast of.

LEGENDA OF 1924

The Difference in the Air

"What is it that makes Bucknell different?"

I once heard a visitor ask.
Several students attempted to answer
But all agreed 'twas a task
To discover just what was the difference
Though all of them knew it was there,
And the visitor told them plainly
That he felt it right in the air.

One said, "'Tis the beauty of Nature
That makes the campus so bright."
The visitor, smiling, assented
But said, "Even that isn't quite
What makes Bucknell different;
There are other campuses fair
Where there isn't a trace of this difference
That seems to pervade the air.

Another student suggested
That athletic spirit ran high
And that Bucknell pep ne'er permitted
A game to end in a tie.
But the visitor shook his head slowly
As if to say pep wasn't rare
And it wasn't athletic spirit
This difference in the air.

Thus first one and then another
Tried to explain the cause
But no one could solve the problem
Until with a friendly pause
And a smile of hearty welcome
A student right then and there
Showed the visitor that the difference
Was the friendliness in the air.

School of Music

Faculty

PAUL GEORGE STOLZ, A.M.

Director, Science of Music, Voice

(Bucknell University School of Music; Dr. Elysee Aviragnet, A.M.;
Dr. Hugh Schussler, New York; Emrich and Soehulin, Berlin).

CHARLOTTE GUION ARMSTRONG

Violin, History of Music

(Wyoming Seminary; New England Conservatory; Musin, New York).

ANNA MARTHA PINES

Supervisors Course

(Bucknell University School of Music; Coombs Conservatory,
Philadelphia; Cornell University, Ithaca, N. Y.).

DAVID EARL MOYER

Piano

(Alberta Jonas, Berlin; Ernest von Dohnanyi, Berlin;
Royal Academy, Berlin).

KATHERINE BERGSTRESSER

Piano

(Bucknell University School of Music; Peabody Conservatory of
Music; George Boyle; Wilson College, Chambersburg).

JANET S. MENCH

Pipe Organ

(Bucknell University School of Music; Dr. Fred Wolle).
HELEN ELIZABETH SWARTZ, A.B.

Piano

(Bucknell University; Wellesley College; Clarence G. Hamilton;
Hamilton C. Macdougall).

ADRIAN WYNNOBEL

Voice

(Pursued studies with teachers in The Hague and New York City).

MARGUERITE HARTMAN

Voice

(Bucknell University School of Music; Wilson College).

GRACE JENKINS

Voice

(Coombs Conservatory, Philadelphia).

LEGENDA OF 1924

Senior Music Students

HELEN BARTLOW
"Helen"

Sunbury

Voice.

We only catch a glimpse of Helen on Tuesday nights when she comes to sing the girls on First Floor New into dreamland—or perhaps inspire them to study! But she's always the same—with a smile and a greeting for everyone, which means a "real" friend.

MARY MARJORIE BRINDLE, M Φ E
"Marge"

Granville

Altoona High School

Piano, Pipe Organ, Theory; Glee Club Accompanist; Assistant Orchestra Accompanist.

"Marge's" sweet disposition and her ever-ready willingness to "cut up" has won her scores of friends. Her musical ability is rapidly becoming famous, and although she makes weekly trips to Mifflinburg with the excuse to play in the Lutheran church, we wonder if that is the real reason!

SARA JANE BURKE
"Sal"

Plymouth

Plymouth High School

Voice, Supervisor, Piano, Theory; Glee Club.

Just like the musical comedy "Sally" was a great success, our "Sally" is too. She's bubbling over with mirth all the time and no one can feel downhearted when they hear her jolly little giggle. Of course there is one who is especially favored with her smiles and dimples, but we won't tell, will we Sal?

PEARL MARGARET CHAMBERLAIN, M Φ E
"Pearl"

Downingtown

Downingtown High School

Voice, Supervisor, Theory; Glee Club.

This little black haired lassie was homesick last year because she is "Miles" from home, but the distance has since seemed to decrease. In fact she is one of the jolly participants in the parties which are staged on Third floor New, and her occasional giggle can be heard for emphasis.

LAGENDA OF 1924

PEARL SPAID CUSTER
"Pearl"

Milton

Milton High School
Voice, Supervisor; Glee Club.

Pearl boards the "Toonerville" every morning to join our ranks and learn to teach some kiddies in a near-by hamlet to sing "do, ri, mi". She appears rather quiet and demure to those who are not acquainted with her, but under it all we soon find "King Mischief" reigning.

MILDRED ALICE HAYDEN, A X Ω
"Mid"

Greensburg

Greensburg High School
Domestic Science Course; Voice; Y. W. C. A. Cabinet (2); Glee Club (1, 2, 3); Manager Glee Club (4); Girls' Class President (1).

When we look at "Mid" we just naturally think of fun—the happy, bubbly kind that everybody likes. "Mid" always sees the bright side of things and will sing to you, talk to you, or laugh with you at any time—A tonic for the blues is she.

LAWRENCE MYRON KIMBALL, Σ A E, T K A
"Larry"

Vineland, N. J.

Vineland High School
A. B. Course; Voice; Assistant in Public Speaking; Assistant Business Manager Bucknellian (3); Business Manager (4); Glee Club (1, 2, 3); Soloist (4); Band (1, 2); Debating Board (2, 3, 4).

Singing in a deep rich baritone to appreciative audiences of this year's Glee Club, "Larry" has won quite a name for himself. That name however has other laurels besides vocal ones for the mention of it always elicits favorable comment whether it is garbed under the cloak of Business Manager, Soloist, Debater, or all around collegian.

EMMA VALERIA MATZ
"Matzy"

Shillington

Shillington High School
Voice, Supervisor, Piano, Theory; Glee Club.

"What did you say?" in a little Dutch voice always suggests Emma. "Pretzels!" is the answer, and then we wonder why when she lives so near that metropolis of Reading. "Matzy" is really very industrious because she does find time to practice and keep her dates too.

L'AGENDA OF 1924

HELEN MARIE POWELL, M Φ E

"Helen"

Bivalve, N. J.

Port Norris High School

Voice, Supervisor, Piano, Pipe Organ, Theory; Special Student; Glee Club.

If we were to attempt to even give you a hint of Helen's many attractions we wouldn't be writing a mere fifty words! Besides what's the use talking about our "Big Bear", everybody knows her and is proud to call her "friend".

ELIZABETH AVIS SPEAKMAN, M Φ E

"Betty"

Williamsport

Williamsport High School

Voice, Pipe Organ, Theory; Special Student; Y. W. C. A. Cabinet; Treasurer Glee Club.

One can always find "Betty" busy—either practising, going to meetings or collecting dues. In fact we find her so busy that it is even difficult to be sure of her keeping a date—unless it's to sing. But nevertheless she does like to sleep!

MIRIAM HARP STANGER, M Φ E

"Mim"

Glassboro, N. J.

Glassboro High School

Piano, Supervisor, Voice, Pipe Organ, Theory; Special Student; Glee Club; L'Agenda Staff.

To those who know the "Little Bear" this writeup is unnecessary. To those who don't we can only say that if you would know a dainty attractive girl, an accomplished student, and a true and lovable friend, you must know "Mim". For in her dainty person she combines all of these sterling qualities.

LEGENDA OF 1924

String Orchestra

The String Orchestra of the Bucknell University School of Music was organized in 1912 by Miss Charlotte G. Armstrong, Director of the Violin Department. A fine opportunity is thus afforded the students of string instruments for studying the compositions of the great masters of music as well as the different types of orchestration, including the symphony, its highest form.

The members of the orchestra appear at different times at various recitals throughout the year and give an evening concert annually under the leadership of Miss Armstrong.

The Bucknellian

The Bucknellian is the weekly student publication. It deals exclusively with campus activities, social, athletic and scholastic. It is a member of the Intercollegiate Newspaper Association of the Middle Atlantic States. It is supported by the Student Budget, alumni subscriptions and its advertisers.

L'AGENDA OF 1924

The Mirror

The Bucknell Mirror is the literary magazine of the University. It strives to teach and provide for the student, the best in original composition. Who can tell, but that someday, some young, at present aspiring author, will emerge a genius by virtue of the time he devoted to meeting the requirements of this publication? It is for no one class alone; it is for all undergraduates. Happy is he who has achieved the heights and had his pet story published. It is the thrill of a lifetime.

LAGENDA OF 1924

The Alumni Monthly

The Alumni Monthly, published from October to June, aims to keep the alumni informed of the progress of the University, of the alumni, and, so far as is possible, of the undergraduate activities. It serves also as a clearing house of alumni opinion of topics of general interest to the friends of the University. News items concerning Bucknell and Bucknellians are gladly welcomed at the Alumni Monthly office. Life members and annual members of the General Alumni Association receive free copies of the publication during the period of its issue. To all others the subscription price is two dollars (\$2.00) per annum.

L'AGENDA OF 1924

The Commencement News

The Commencement News is a daily issued during Commencement Week. It contains not only a program of the week's activities, but also a record of events incident to the occasion and a general review of the year's activities on the campus.

The Woodpecker

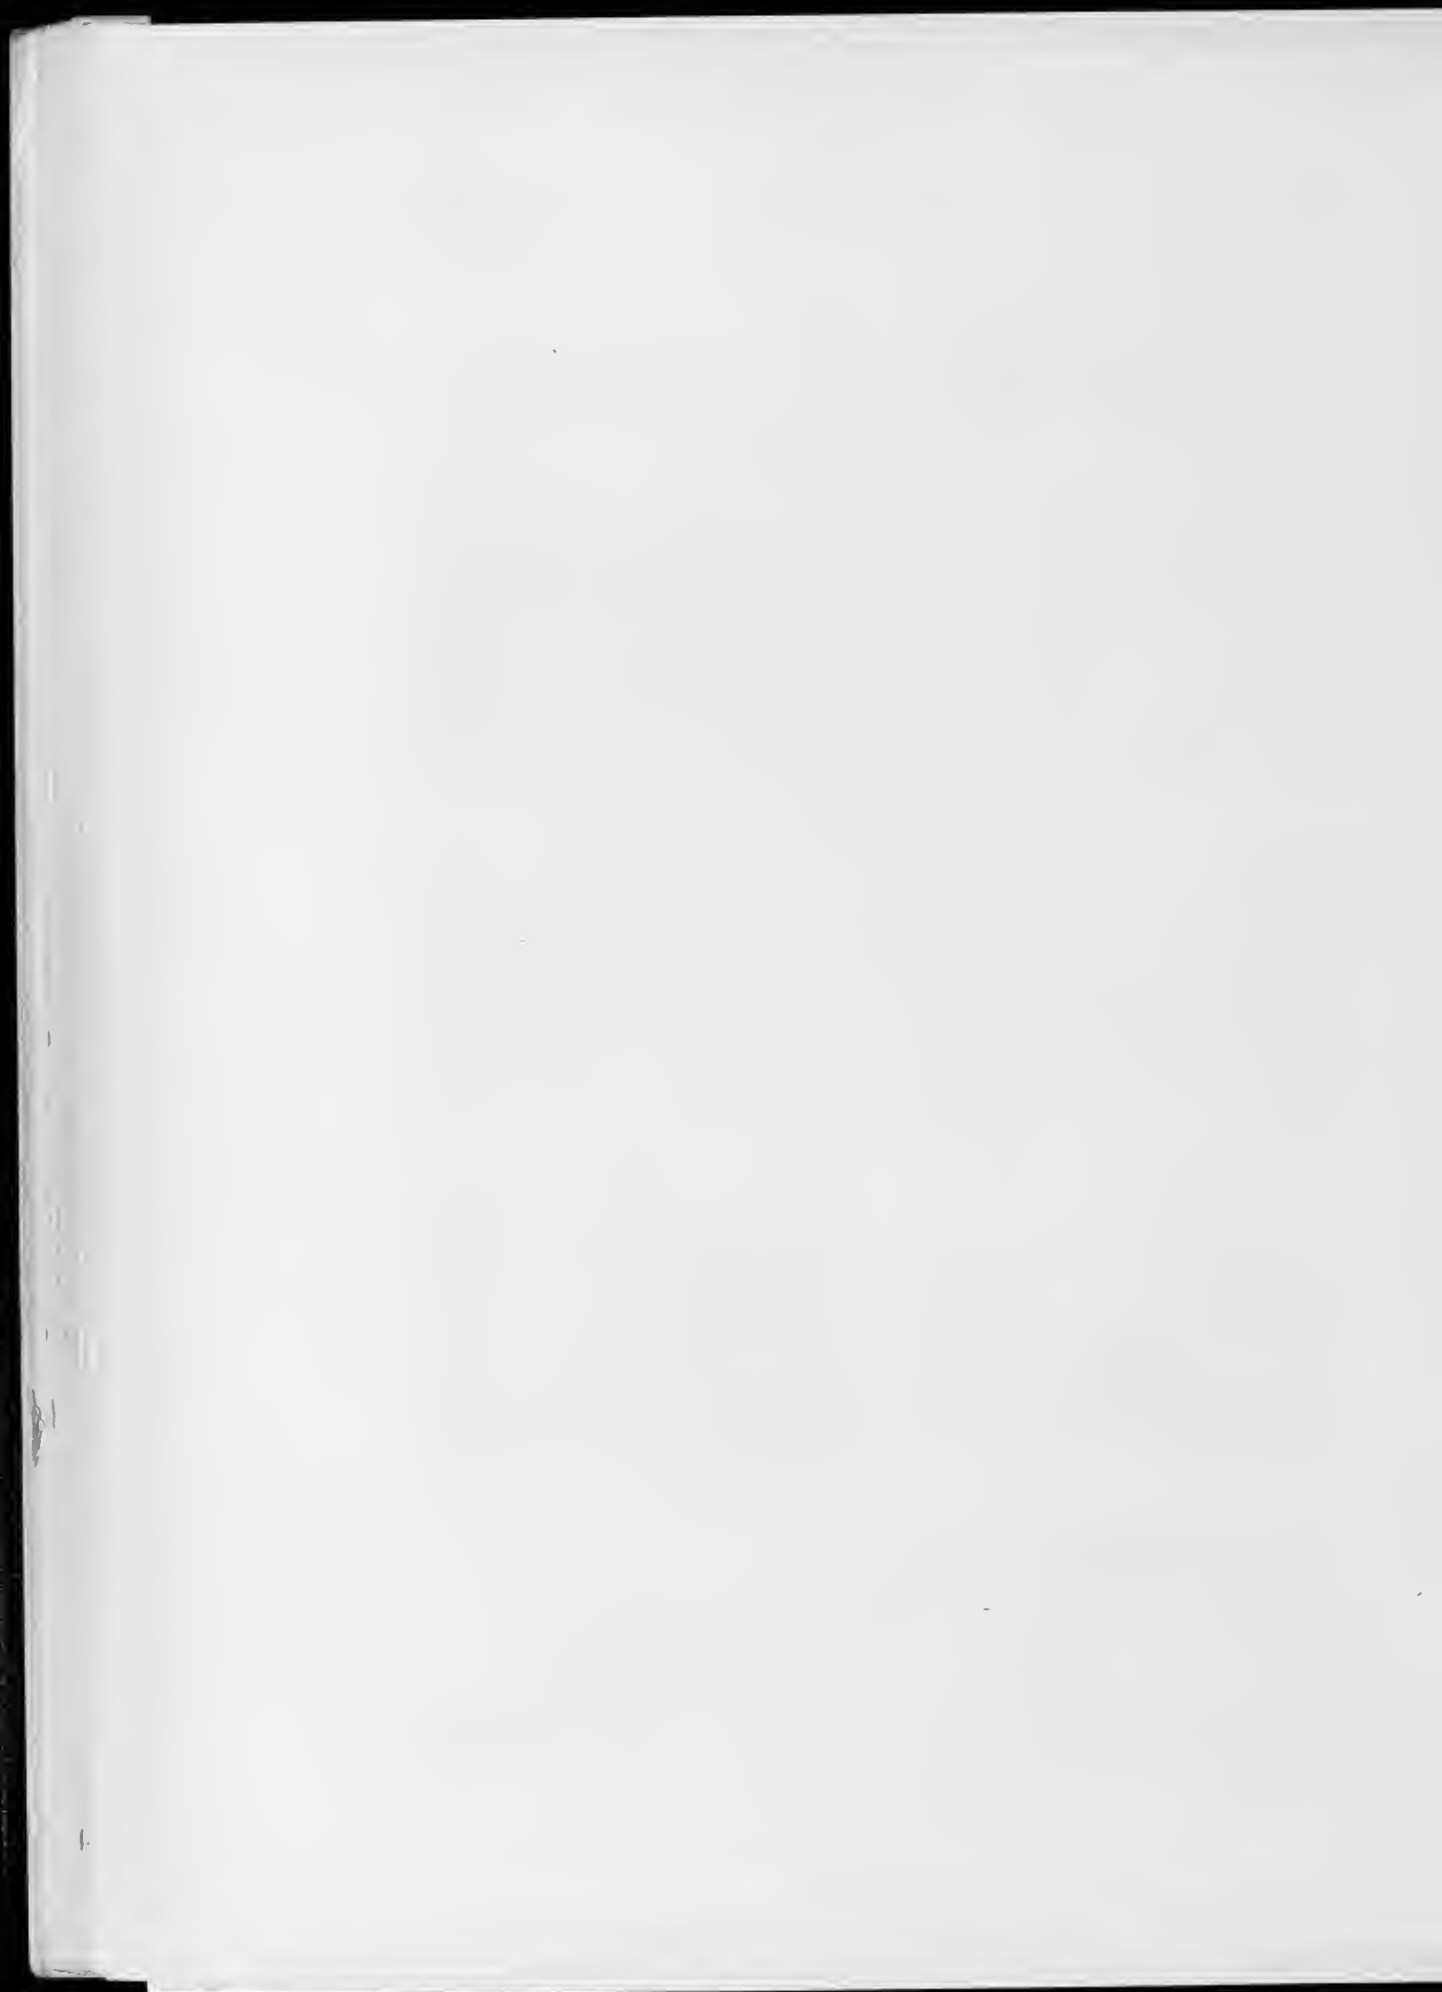

Someone has said that this is the unspoken word of Bucknell. Luckily it has remained unspoken for some time. It is claimed that this publication is only issued when needed, but even then we are always able to find a number who will say that this is one of the times when it was not needed. In these days of Ku Klux Klan and similar secret organizations this book should be popular, but who wants any of its popularity?

LAGENDA OF 1924

LAGENDA OF 1924

Football, 1922

TO repeat the oft-stated fact that, because of the great number of experienced men, and the excellent coach, "Pete" Reynolds, the football outlook for Bucknell for 1922 looked very bright would indeed be monotonous. Of course we had a large amount of good material from which to build a winning team, and a worthy man to coach them: of course we could not or would not get any other attitude than that of victors because that is Bucknell spirit! Theorizing and generalizing are unnecessary for the season is done and the facts speak for themselves.

BUCKNELL 61—MANSFIELD 0

The initial contest was a walk-over. Mansfield Normal failed to test the stored-up energy which was contained in the Orange and Blue football machine. In spite of the overwhelming score of 61-0, the game was not without its exciting moments, the outstanding feature probably being Henning's 80-yard run for a touchdown.

BUCKNELL 51—SUSQUEHANNA 0

The scene of the next battle was also Tustin Field, Susquehanna being the opponent. Especially interesting was this game due to the fact that these "downriver" boys have held sort of a jinx over Bucknell for the past four years, they having been able to keep in the scoring column despite all efforts. "Jupe" Pluvius and old man Jinx tried hard to make necessary the postponement of this contest, but succeeded only in turning it into a miry struggle for victory. In the last quarter of the game Susquehanna showed signs of restoring their little scoring-god to his pedestal but because of the slippery conditions under foot were unable to do so, the final score being 51-0.

BUCKNELL 41—ALFRED 0

Feeling well satisfied with their first victory but not over-confident, our "husky heroes", under the leadership of Captain "Vic" Bihl, faced Alfred University's strong eleven in a well played game. Opportunity was offered to display the fact that Coach Reynolds was not satisfied for the team to confine itself to any one method of attack, for line-bucking, end-runs, off-tackle plays, and forward passes were used in such a dazzling array that the Alfred lads were completely at sea. Especially formidable was the "aerial" work, while Henning again added a thrill to the closing moments of the game by "dropping" over a three-point score from the thirty-five yard line, making another one-sided score of 41-0.

NAVY 14—BUCKNELL 7

Our first big battle was with Navy. We had enjoyed all the encouragement possible from victory and went to Annapolis with great anticipations. Consistent playing is not always the winning factor in a football game, and this fact was driven home to the struggling Orange and Blue warriors when, by an inopportune fumble, victory was snatched from them in the last few moments. Along the sidelines Bucknell spirit was displayed in the three hundred "rooters" who refused to be belittled by the booming yells of the Middies. The 14-7 score was not by any means a disgrace, for Navy's aggregation was one of the strongest battling on the gridiron.

L'AGENDA OF 1924

LAFAYETTE 28—BUCKNELL 7

To emerge from a battle such as Navy and, during the next week, face Lafayette, proverbial opponents of the Orange and Blue, was the experience of our sturdy representatives. Again was the spirit of Bucknell in evidence along the sidelines, again was it silently but grimly displayed on the "grid" where, fighting like tigers in spite of their loss of Reed, Dietrich, and Denton, the team nobly defended their Alma Mater. However, the onslaught of what proved to be one of the strongest teams in the country, proved too much for our boys and the best they could do was to score on the Maroon and White, which, to date, had held her opponents scoreless. The final tally was 28-7.

PITT 7—BUCKNELL 0

Every college football schedule has a supreme contest on its list, a game toward which it bends every effort to win. Such an opponent is Pitt considered. Never before were such plans made to entertain a visiting school. The Pittsburgh Alumni gave time, and money, and spirit—spirit! They were enthusiastic; they almost bought the Schenley for a day, so that the "active" members and visiting alumni of the "Old School" could have a real headquarters. There was a banquet and a dance, big affairs, wonderful preparations, but the crowd went to see the game, to carry Bucknell to Pitt. Lewisburg might well have considered that it was vacation time, for it was a deserted place over the week-end. The game was all that was expected, it was all that anyone had the right to expect, for it was one of the most excellently played games of the season. The Bucknell eleven fought with a spirit that defeat could not down and honorably lost to Pitt, score 7-0, at Forbes Field. The "Panther" was a worthy victor.

BUCKNELL 33—MUHLENBERG 6

Tustin Field again welcomed its own boys lining-up against Muhlenberg, so that the hundreds of "old faithfuls" could once more give voice to that never-dying spirit of Bucknell. The Home-coming Day crowd was well pleased, they were proud to see their warriors come back after a losing streak of three games. The "Old Grads" loosened up and let the team know they were present, and the Muhlenberg lads bowed before the double assault to the tune of 33-6.

BUCKNELL 14—LEHIGH 0

In 1911 the Bucknell "Wildcats" defeated the Lehigh team 3-0, making the total number of games played by these two teams read something like this, Bucknell 4, Lehigh 3, and one scoreless tie. Lehigh was aching for a chance to come back. Bucknell was just as determined that such would not be the case. With this rather interesting situation before them, the Orange and Blue journeyed to Bethlehem—and journeyed back again with a 14-0 victory tucked securely away in their hats. Further comment is unnecessary.

The Lehigh contest was rather poorly played by both teams. There were fumbles and loose handling of punts by the Bucknell backs while Lehigh lost out considerably on penalties for off-side plays on the line.

The game had its redeeming feature, however, the most notable being in the last few moments of play when Bucknell showed her most brilliant offensive, advancing the ball almost the entire length of the field and so rapidly that the headlinesman had difficulty to keep up with them with the chain.

The scoring came in the first and last quarters, the initial touch-down coming within three minutes after the opening whistle. Julian made the outstanding play of the game when he recovered a fumbled ball from Lehigh on the

L'AGENDA OF 1924

15-yard line, racing 85 yards for a touch-down. This came in the last quarter and made the final score 14-0 in favor of Bucknell.

GEORGETOWN 19—BUCKNELL 7

To have suffered defeat from Navy, Lafayette, and Pitt were not so bad but when Georgetown handed us a 19-7 score, their favor, it was time to look for an excuse. It was certainly Bucknell's off-day.

Georgetown received the kick-off and was forced to punt on the fourth down. Bucknell received the punt, and on a series of powerful line bucks carried the ball across for a touch-down in less than six minutes. In the second quarter, Mallay picked up Denton's fumble and ran 97 yards for a six-point score which should have been a sure thing for Bucknell. This completely disorganized the team work so that try as she would her attempts thereafter were fruitless. Georgetown seemed to improve under the reversed conditions and, taking advantage of the breaks of the game succeeded in crossing the line for two more touch-downs.

BUCKNELL 20—RUTGERS 13

A twenty-point lead gathered during the first quarter gave Bucknell the victory in the Rutgers game. Dayhoff, who was forced from the game by injuries early in the second quarter, deserves great credit for his generalship in what turned out to be his last game under the Orange and Blue. Jenkins also played a wonderful game accounting for two of our touch-downs, both by long, difficult, runs.

In the second half Foster Sanford's men staged a come back but were unable to pile up the necessary points to overcome Bucknell's early lead. The final score stood 20-13.

BUCKNELL 19—DICKINSON 7

The Dickinson game on Thanksgiving Day was a fitting finale for the season. The Dickinson aggregation came here highly touted and determined to win.

The prospect at the beginning of the game was not too bright for Bucknell, Dayhoff, Julian, Jenkins, and Butler being unable to start. After the first quarter, however, this handicap did not seem quite as formidable, things going pretty much our way.

Dickinson played a fine defensive game but were unable to do much on the offensive, their only score coming in the last quarter on an intercepted pass.

"Tony" Wilsbach was the individual star of the game, tearing the Dickinson line to pieces with his powerful drives and accounting for all of Bucknell's points. The final score was 19-7, our favor.

L'AGENDA OF 1924

Athletics at Women's College

1922-1923

The Women's Athletic Association, so long a fancy of our campus activity, has proved itself a reality in the past season. The new spirit for athletics which has been built up among the girls is largely due to the persistent efforts of the new physical director, Miss Agnes MacCann, who received her preparation for gymnastic work in New Haven and was but lately a director at Ursinus College.

Hockey is one of her innovations which has met with distinct favor among the co-eds and bids fair for inter-collegiate matches in the fall. The men students laughed, the unathletically inclined jeered and whispered, the towns-folk smiled and wondered but the populace soon learned that sticks and shin guards were here to stay. Now, most any fall afternoon one may hear shouts of "Play ball!" or "Sticks on Q!" in the near vicinity of the proposed stadium.

Basketball teams are being whipped into action representing the dormitory divisions of the Women's College and enthusiasm is strongly in favor of inter-sorority matches. The girls have hitherto frowned on basketball as played under girls' rules but this year with the ban removed they have developed into some swift forwards and accurate foul shooters which might stump even the Varsity Quintette.

Tennis is by no means a minor sport in girls' athletics. The annual spring tournament is placed on a competitive basis, each contestant playing in the preliminaries according to the schedule which is made out by those in authority. This method of elimination has proved to be very effective in ascertaining the personnel of the finals.

Last season the tournament was watched with great interest as each contestant was chalked up, and the only certain thing about it was that "Kate" Owens would win the Junior championship and Alice Stokes the Sophomore honors unless something very unexpected happened. And in addition to this prophecy proving true Alice Davis came out victorious as the Freshman champion.

In view of this banner year in women's athletics the girls are voicing unstinted praise where it is surely best merited upon our enthusiastic physical director. The plans and efforts of the department culminate in the annual May Day celebration which is especially looked forward to as disclosing the "fairest of the fair" to be crowned by an adoring circle of spring revelers.

LAGENDA OF 1924

Girls' Athletic Awards

The Women's Athletic Association has devised a point system whereby those especially inclined toward athletic enterprises may be justly rewarded for their industry. The summary of points states that one hundred points shall merit the class numerals and five hundred points shall win the highly prized "B".

The requirement for hiking numerals is sixty-eight miles a semester, this amount to be taken in hikes of not less than five miles each. A place on either the class basketball or class hockey teams merits one hundred points and sub positions fifty points. Tennis champions are awarded one hundred points and track positions a like amount.

The following is a compiled list of numeral awards for the past semester:

L'AGENDA OF 1924

This page is Dedicated to our
Mothers and Fads who
have made this book
possible thru us.

L'AGENDA OF 1924

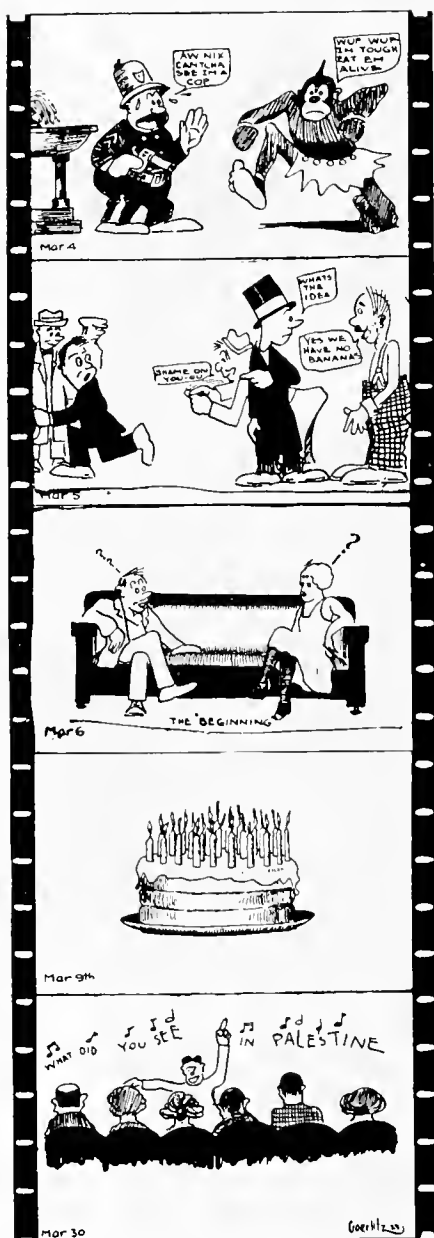

FEBRUARY 1922

- 1 Students take up second semester's work. Frosh count days until George's Birthday.
- 3 Electrical Engineers dance in the Gym. Guests vote three cheers for the "Boiler Makers".
- 4 Shifter Fraternity establishes at Bucknell. Professor Groves is first faculty victim. "Wainie" and the "Purity" prosper.
- 6 Kappa Sigma founders' day banquet.
- 10 Phi Delta Sigma initiation.
- 11 Alpha Chi Omega progressive card party at home of Mrs. Herold.
- 13 Sweitzer drops collar button which fails to roll under dresser.
- 17 Annual Pi Phi "Banquet to Biddies" at Cameron House.
- 18 Tri-Delt Valentine dance at Sem. Phi Psi founders' day banquet.
- 21 Kappa Delta dance at Phi Gam house. Short of breath for a week, after blowing up toy balloons.
- 22 Holiday all day today. Sigs hold Washington's Birthday dance at the house.
- 24 Lybarger, Lenox, and Sugden win first debate for Bucknell in four years by out-talking the Dickinson lawyers. "Razzy" elated over work of his disciples.
- 25 Soph-Frosh basketball game ends up 27-21 for the Sophs. No Man's Land on the floor between halves.
- 27 Cap & Dagger presents "Are You a Mason?" at the Orpheum.
- 28 Mary Llewellyn receives flattering offer from Ziegfield as result of her work in "Are You a Mason?"

LAGENDA OF 1924

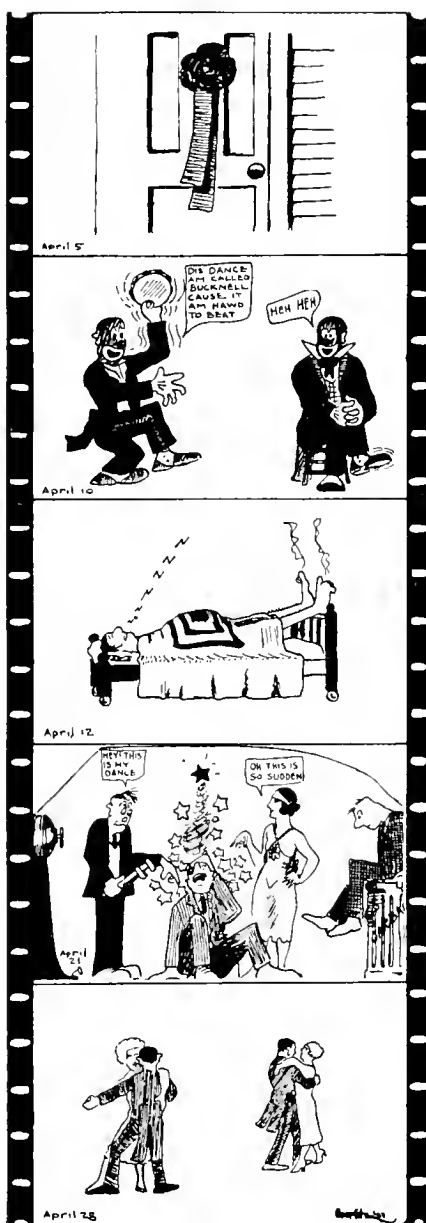

MARCH 1922

- 1 Alpha Chi's sing for old folks and frolic with kiddies at United Evangelical Homes.
- 3 C. E. A. initiation. Maud Mullers much in evidence. Orpheum patrons receive courteous attention.
- 4 Theta Delta Tau open initiation. "Jemie" is traffic cop at the fountain. Dave Morgan and A. R. Lewis are lively cannibals. Delta Sigma holds informal dance at the Sem. Phi Gams hold Sem dance at the house.
- 5 Psychology class goes to Danville to carry on personal investigation. "Bert" Smith becomes abnormal for 24 hours.
- 6 Lambda Chi house party begins.
- 8 Professor Stewart's biologists take first field trip. "Eddie" Bridges sees a sparrow. Marion Jack becomes separated from party "Chic" Florin keeps to the rear for fear of frightening birds with his necktie.
- 9 "The Bucknellian" is 25 years old today. S. E. A. founders' day banquet.
- 17 St. Patrick's Day dances by the Phi Theta Sigs at the Lewisburg Club and by the Beta Kappa Psi's at the Sem.
- 21 First day of spring. Fancies of Charlie Steiner, "Ken" Cober, Luke Stager, and Bob Livingston lightly turn to their usual thoughts.
- 27 George Jones starts taking Library course.
- 30 Vachel Lindsay holds forth at the Baptist Church. Audience "roped in" for part of the performance.

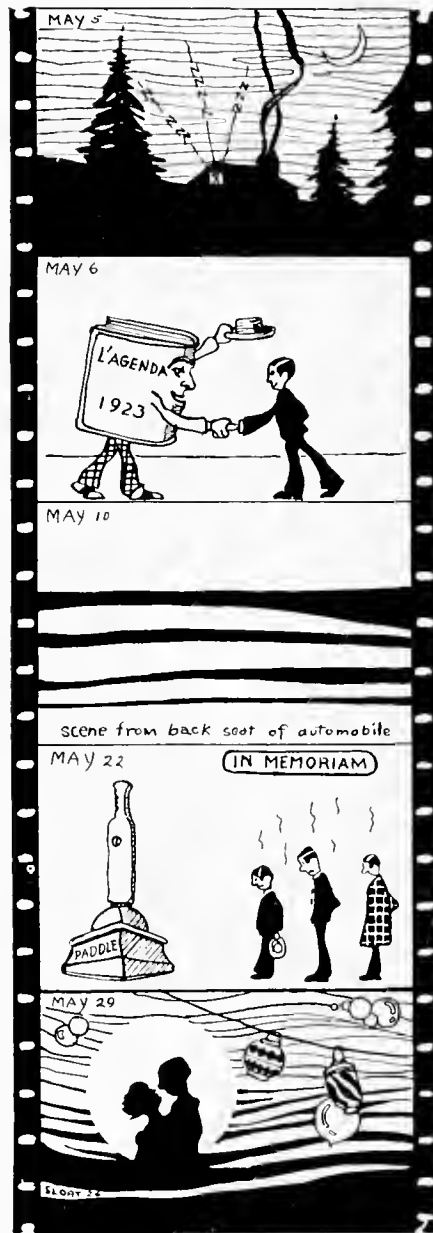

LAGENDA OF 1924

APRIL 1922

- 1 Pi Beta Phi holds All Fools dance at the Sem.
- 5 Bucknell Lyceum holds last meeting. "Jakey" Beers thanks everybody.
- 7 "Lam" Joseph severs his business connection with Schmidt and starts living on his income.
- 10 "B" Club minstrels in Commencement Hall. A good number.
- 12 Spring recess begins. Alpha Chi informal dance at Kappa Sig house. Sigma Chi annual "Big Dance".
- 19 Spring recess closes. All students return to their work. DeCoursey also comes back.
- 21 Mechanical Engineers hold dance in Engineering Building to test vibration limit of Burpee's new edifice.
- 22 Demies dance informally at the Sem.
- 24 Doctor Harris celebrates 75th birthady anniversary. Wishes for cake big enough to hold all the candles.
- 26 Owens discontinues fussing indefinitely. Larson makes date with girl in Library.
- 27 Junior Smoker in the Gym. Nevin Grieb gives an interpretation of Sousa's Band.
- 28 Junior Prom. Standing Room only.
- 29 Bucknell 4; Penn State 2.
- 30 Ruth Peck re-christened by the Registrar. It was "Mary".

L'AGENDA OF 1924

MAY 1922

- 3 Elma Streeter cuts classes to pick violets.
- 5 Night before Soph Banquet. Soph President, Paul Walker, with Hick Hartman and Scenario-ist rusticate in wilds to fool frosh.
- 6 L'Agenda of 1923 arrives. College Inn feels hard times.
- 7 Kappa Delta Mothers' Day banquet at Cameron House.
- 10 Stoughton and Scenario-ist take wild ride to New Berlin. Countryside looked like streams. They return the same day.
- 12 Delta Sigma formal dance at Lewisburg Club. Landis discovered missing. Found in bed. Alpha Chi Mu banquet at Cameron House.
- 17 Phi Psi house party begins.
- 20 Beta Kappa Psi hike to Shriner's Island. Phi Theta Sigma dance at Sem. Long bends one of the posts in a collision. Tri-Delta mock initiation at Everett farm at Allenwood. Actives in knickers. Initiates representing everything from Puss in Boots to Dago Dan and Emigrant Emily.
- 22 Hazing abolished by Senior Council at request of President Hunt.
- 27 Alpha Chi garden party at home of Mrs. Gundy.
- 29 Kappa Sigma annual lawn fete and dance.
- 30 Memorial day. No lessons.

L'AGENDA OF 1924

JUST A BREAK FOLKS SIT STILL FOR A
FEW MONTHS AND WE'LL CONTINUE
THANK YOU

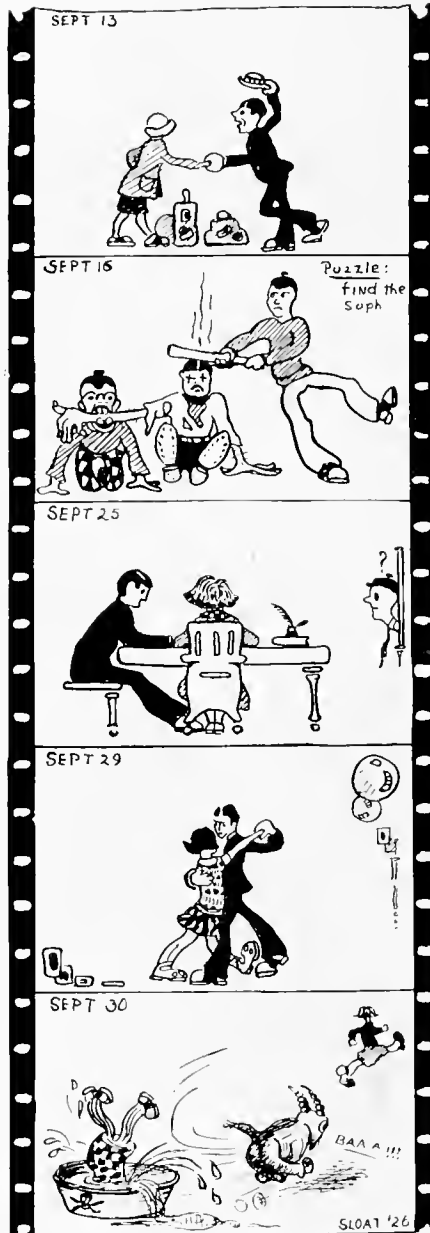

JUNE 1922

- 9 Second semester ends. School over at last! Whoopee!! Sig Alphs finally discover suitable plans and decide to build new house after 15 years of research. Tri-Delts hold Spring Dance at Lambda Chi house. Betty Hartranft champion lemonade spiller. Very warm (dancing on porch permitted!). Phi Theta Sigma Dance at Lewisburg Club. Lozier leads Grand March. Everybody can see where he is leading.
- 11 Baccalaureate Sunday. Caps and gowns fail to arrive. Girls all weeping.
- 13 Alumni day.
- 14 Annual Commencement. Bill Sugden wins prize for best oration.
- 15 Reel breaks. Everybody leaving.

L'AGENDA OF 1924

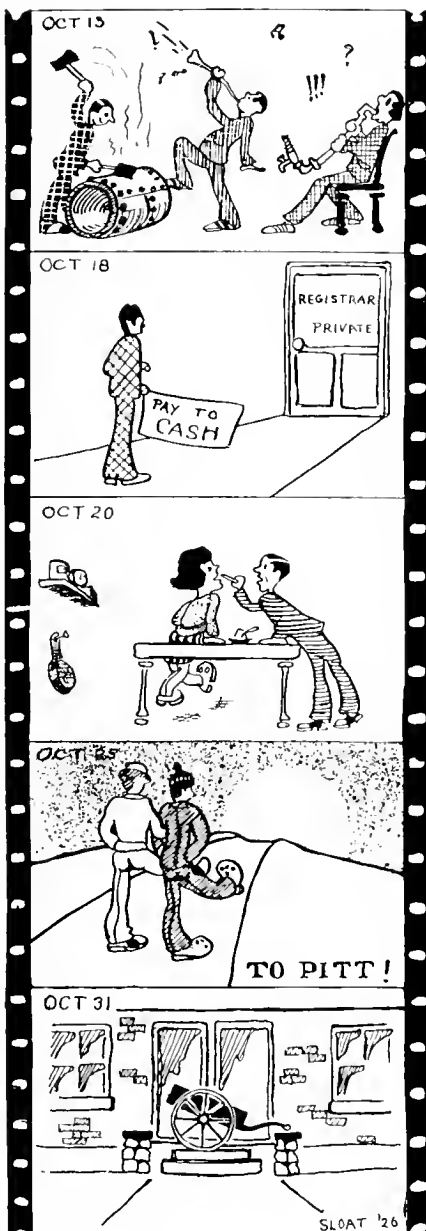

SEPTEMBER 1922

- 13 Back again! First semester begins. Almost 1000 of us here.
- 14 Many new signs to be seen in the Library.
- 15 Freshman enters College Inn. Asks "Dad" if he is Professor Owens. Thinks he is in the Chem. Lab.
- 16 Big class scrap. Frosh 34; Sophs 10. Y. M. C. A. reception at Gym and Y. W. C. A. reception in Sem living room.
- 17 Begin excavation for new S. A. E. house.
- 21 Frosh-Soph party at Women's College. Frosh as Juliets. Sophs knickered and bloomed as doting Romeos. Dancing, doughnuts, and cider. And the greatest of these—
- 22 Sigs hold first dance of the year.
- 23 First day of autumn. Andy Gehret anxious for skating.
- 25 Biggest date of the year! First meeting of L'Agenda Staff in Library. Villinger and Cober absent.
- 26 Lybarger washes his flivver. Stabler thinks he has a new one.
- 27 Grieb and Rickard discovered occupying same seat in Dante class.
- 28 Griffin wants to learn how to play golf. Whalen takes him out to see the girls playing hockey.
- 29 Phi Theta Sigma dance. G. W. Lewis gets stuck in doorway. Beta Kappa Psi pledge dance at Sem.
- 30 Tri-Delt initiate goat loose at Hamblins. Eleven meet Billy's onslaughts. Pan-Hellenic party initiates new Sem parlors.

L'AGENDA OF 1924

OCTOBER 1922

- 7 S. E. A. pledge dance. Sig Alphas to Neophytes at Sem.
- 13 Boiler Makers Ball at Sunbury. "Dizz" Murray sprains an ankle. Tri-Delt rushing hike to Davis' Cabin. Rain. "Buddy" Roberts changes color. "Permanent" waves ruined.
- 14 Alpha Chi Omega dance at the Women's College.
- 17 Second meeting of L'Agenda staff. Owens discusses plans for banquet. Unable to decide whether to go to the Schenley at Pittsburgh or the Adelphia at Philly. Villinger absent.
- 18 Check drawn to order of "Cash" found on campus. Taken by conscientious student to the Registrar.
- 20 Halloween Mardi Gras at Tri-Delt initiate dance at Sem. Refreshments included confetti and paper caps. New Parlors enjoyed. First rough house at Sem. During intermission couples enjoyed eating in kitchen until Dean approached.
- 25 Wholesale exodus for Pitt begins. Watson gone three days already.
- 27 "Tac", Phi Theta Sig dog, takes place in chapel with faculty. Dr. Hamblin and Harry Warfel object to the increase. They drag him out—twice.
- 28 Big party at Pitt after great game. Loyal Bucknell hoards deluge Hotel Schenley.
- 31 Halloween celebraters park ash cart on library steps. Miss Martin claims she did not call a taxi.

L'AGENDA OF 1924

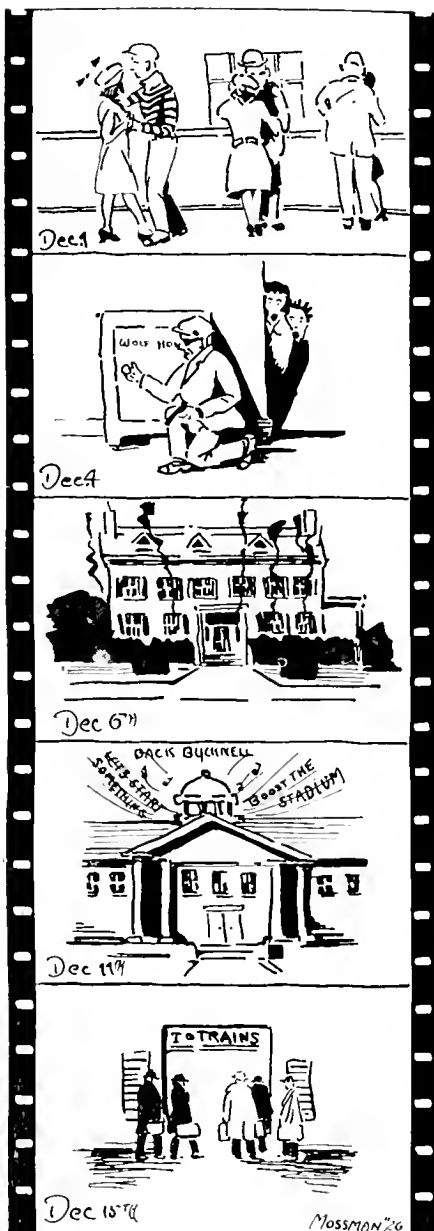

NOVEMBER 1922

- 3 Dante students out of "Purgatory". Holter relieved. Beta Kappa Psi founders' day banquet. Phi Theta Sigma founders' day dance at Lewisburg Club.
- 4 Homecoming Day. Bucknell 33; Muhlenberg 6. Streets jammed with visiting cars.
- 5 S. A. E. Wa Wa Bird escapes. Ollie Miller recovers the ungrateful thing from the roof.
- 7 "Pep" Dawson skids off Senior Path into pile of leaves. Temporarily submerged.
- 8 Day after election. Edwards won on wet platform in Jersey. Prexy Hunt calls on everybody to sing "God Save America" in Chapel.
- 9 Third meeting of L'Agenda Staff. Villinger absent.
- 10 Louise Benshoff writes third letter to Penn State. Kappa Delta Rho national convention here.
- 11 Holiday! Phi Mu installation dance. (Slim came. Much rejoicing at Sem) Bucknell 14; Lehigh 0. Kappa Delta Armistice Day dance at Phi Gam house.
- 15 Awfully cloudy today. Electric lights off too.
- 18 Delta Sigma dance for pledged Demies at Sem.
- 20 "Doc" Brown removes carbon from his Rolls Royce.
- 25 Bucknell 20; Rutgers 13.
- 27 First snow. Edyth Reynolds, Martha Watkins, and Phoebe Reinhart first to break out galoshes this season. Charlotte Bosler takes first tumble on ice (for the season).
- 29 Thanksgiving recess begins.

L'AGENDA OF 1924

DECEMBER 1922

1 Sigs hold "Bowery Ball" at Sigma Chi house. "Gyp the Blood", "One-Punch Joe", "Two-Fisted Wildeat", and other notables present.

4 Thanksgiving recess ends. Burglar (?) breaks in Wolfe House. Great consternation.

5 Fourth meeting of L'Agenda Staff. Villinger absent.

6 Fijis entertain Kappa Sigs with smoker. Drenning and Golightly get sick from strong stogies.

7 Drenning and Golightly feeling better again. Maggie Martin retires at 10:00. The bed is amazed and begins to squeak.

9 Sem. Dance at Phi Gamma Delta house. Alpha Chi Mu's celebrate with Christmas Party. Colvin, in particular, enjoys kid games. Hudson scandalized.

11 Big Mass Meeting in Commencement Hall. Stadium discussed. Bob Waddell talks up for a he-man's college.

13. Christmas Party at Women's College. Santa delivers tokens to new girls from Y. W. C. A. Marion Coe prefers a candy cane.

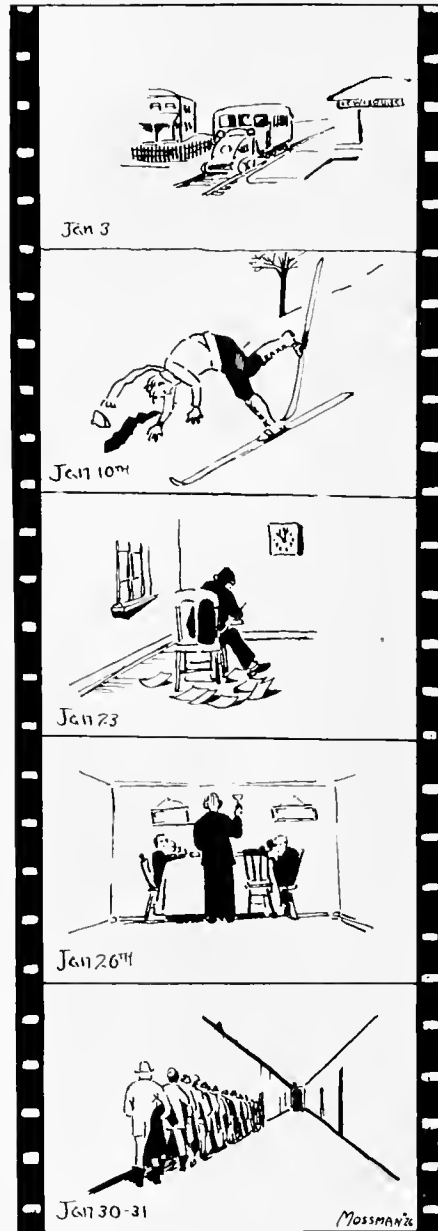

14 K. D's play Santa for local kiddies. Looked like the baby parade. Mary Lape and Mary Llewellyn promised Purity Specials if they would help get material for this film.

15 Christmas recess begins. Kappa Sigs hold formal dance. "Ebbie" Williams spends half hour calling taxi.

21 Johnstown-Bucknell Club dance in the Flood Village.

LEGENDA OF 1924

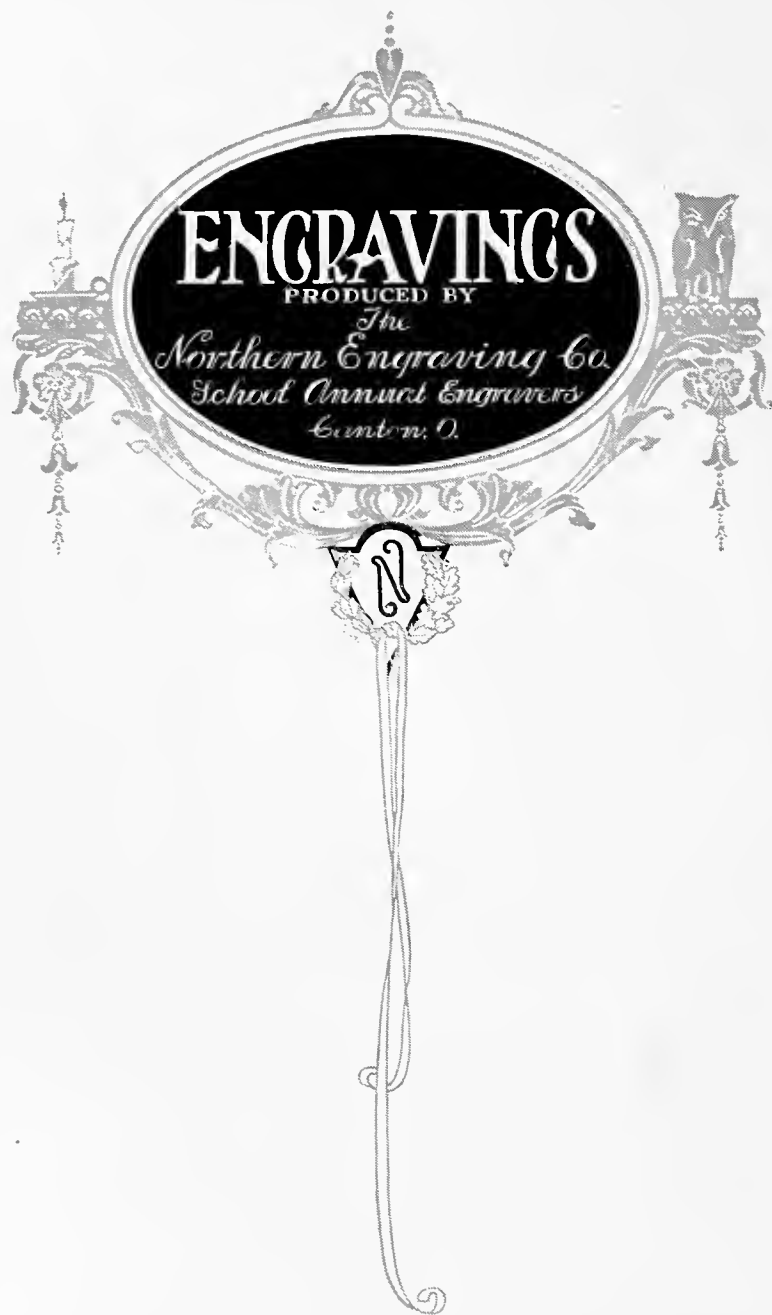

JANUARY 1923

- 2 First resolutions broken.
- 3 Christmas recess ends. Back to the books.
- 8 McGraw returns from Christmas recess.
- 10 "Beanie" Coffel, Challis' Piano Pounder, thinks snow looks as inviting as the ivories. "Beanie" learns (?) to ski.
- 11 Radiator found warm in Bucknell Hall.
- 12 Cooley, Hutchinson, White and Dutton think they belong to the Northwest Mounted and hike to Forest Inn. They return.
- 13 "Sal" Kredel, "Dot" Replogle, and Mary Lape hike to Milton to ride back on the Toonerville. Too much snow. No cars running today.
- 14 Dr. Allyn K. Foster arrives for a week. Students gladly lay aside lessons to hear him talk.
- 18 Pi Beta Phi entertains Phi Mu with chicken and waffle dinner at Steininger's.
- 19 Delta Sigma presents Booth Tarkington's "Clarence" as its 13th annual play, at the Lewisburg Club. Max Reed goes to Chapel today. Said he heard the "Mirror" was to be given out.
- 26 Demies celebrate founders' day.
- 28 Three hour exams begin!
- 29 Amateur dramatics class presents three plays in Bucknell Hall. No admission charged. Hall packed.
- 30 Enrolment again.
- 31 Final exams over at last.

OUR
ADVERTISERS

BUCKNELL UNIVERSITY

EMORY W. HUNT, D. D., LL.D., *President.*

Bucknell University aims to develop men and women who will apply true Christian Ideals in every department of human endeavor.

For Catalogue and Information

Address THERON CLARK, *Registrar*

LEWISBURG, PENNA.

Fading Memories

of life on the Quadrangle are the experience of our alumni. But some impressions on our memory map will never fade out. As long as we live we will remember "Peachy", "Jakie", "Ephie", "Lindy", "Dusty", and "Simp" as outstanding personalities of our college career. Other concepts, perhaps of a lower degree, are those reaching the brain over lines of travel detoured through the stomach and associated with many friends and much fun at the College Inn. We trust you may long remember us with pleasure and good will.

PAYNE '09

PRETTY BAD

FROSH: "What's dis here ennuu, Bill?"

SOPH: It's when a feller gets so lazy that he feels dat loafin's hard work."

THE BERGER MANUFACTURING CO.

16th Street and Washington Avenue

PHILADELPHIA, PA.

The inherent advantages of Steel over wood for filing and storage equipment are so thoroughly recognized as to require no extended comment.

Steel filing and storage devices are safer, stronger and more durable; their non-combustible and fire resisting properties are in line with modern practice, which tends to the elimination of inflammable materials from building construction and equipment.

BERLOY Steel Equipment offers all of these advantages and protection. It is vermin and rodent proof and is not affected by atmospheric changes—does not shrink, swell, stick or come apart.

Losing Your Pep?

Perhaps your eyes are the cause.
With fully 70 per cent of us it is an unknown visual
defect which is slowing us up.
Fact! Don't remain in the "dark." Know that your
eyes are as efficient as they should be—and not hamper-
ing your mental and physical vitality.
Proper eye care demands yearly examinations.

For the Work of the Ministry

The demand for pastors who are "thoroughly furnished" for the work of the ministry was never greater than today, the opportunity for service never more inviting.

The Rochester Theological Seminary seeks to prepare men for the practical work of the ministry by a comprehensive training in both scholarship and methods of service.

The Seminary has a Faculty of ten members, and a Library of 50,000 volumes, including the famous Neander collection. It offers a wide choice of electives, and grants the degrees of B.D. and M.Th. All courses in the University of Rochester are open to Seminary students.

The city of Rochester furnishes a remarkable laboratory for observation and for participation in church and charitable work.

EVEREADY

STORAGE BATTERY

FOR
YOUR RADIO Receiver

IT IS IMPOSSIBLE ACCIDENTALLY TO SHORT CIRCUIT AN EVEREADY "A" STORAGE BATTERY. The battery box has rubber feet for the protection of the table on which the battery is usually placed, and a special handle for carrying. The vent caps are packed with a special material to prevent the electrolyte from spilling should the battery be accidentally tipped, and to prevent the escape of the electrolyte from the battery while it is on charge.

"PITT": "Do you want a cuff on the trousers?"

UPPERCLASSMAN: "Do youse want a biff on the jaw?"

A BONER

PROFESSOR HOWES: "Who was Cyclops?"

BILL GOLIGHTLY: "The man who wrote the cyclopedia."

BOTH ENDS MISSING

A certain professor connected with the biological laboratory went into the stock room to get an ordinary fruit jar. He saw one that was turned upside down and cried:

"How absurd! The jar has no mouth!"

Turning it over he was once more astonished.

"Why the bottom's gone too!" he exclaimed.
